The first was the advent of smartphones equipped with front cameras and preview screens that made it easy to compose a photographic self portrait by a process of deliberately exploring one s image choosing a pose and finally taking the picture The second key change contributing to the rise of the selfie age was the increasing availability of internet connections It is estimated that about 50% of the world population has access to the internet today 2018 https www internetworldstats com At the end of the past century this percentage was a mere 1% The growth of the internet infrastructure simultaneously spurred the development of social network applications such as Facebook Twitter Snapchat and Instagram providing accessible media for sharing photographs including photographic self portraits However despite their tremendous reach and popularity selfies have so far received relatively little attention by the scientific community especially within psychology Thus we proposed a Frontiers in Psychology Research Topic to expand empirical and theoretical work on the massively popular yet scientifically unexplored phenomenon of the selfie The articles published in this eBook offer a multifaceted insight into current scholarly work on this topic The Afro-Descendant Woman in Latin American Diasporic Visual Art Rosita Scerbo, 2024-07-05 By studying multiple cultural expressions of Blackness throughout different regions of the Americas the chapters of this book consider the relationship that social and historical processes such as sovereignty and colonialism have on cultural productions made by and about Black Latin American women Rosita Scerbo analyzes a range of power dynamics as represented in different artistic media of the Afro Latin x American

community including photography muralism performance paintings and digital art The book acknowledges that racial and gender equity cannot exist without Intersectionality and that is why the entirety of the chapters focus on cultural and visual productions exclusively created by Afro descendant women The Black Latin American women featured in the various chapters spanning multiple artistic mediums and originating from various Latin American and Caribbean nations including Mexico Colombia the Dominican Republic Puerto Rico Brazil and Cuba collectively pursue the central aim of foregrounding the Afro descendant woman s experience Simultaneously they strive to enhance the visibility and acknowledgment of gendered Afro diasporic culture within the Latin American context The book will be of interest to scholars working in art history gender studies women s studies Latin American studies African diaspora studies and race and ethnic studies
