**Bondage** William Luis, 2014-05-23 In the nineteenth century the Cuban economy rested on the twin pillars of sugar and slaves Slavery was abolished in 1886 but one hundred years later Cuban authors were still writing antislavery narratives William Luis explores this seeming paradox in his groundbreaking study Literary Bondage asking why this literary genre has remained a viable means of expression Applying Foucault's theory of counter discourse to a vast body of antislavery literature Luis shows how these narratives have always served to undermine the foundations of slavery to protest the marginalized status of blacks in Cuban society and to rewrite the canon of acceptable history and literature He finds that emancipation did not end the need for such counter discourse and reveals how the antislavery narrative continues to provide a forum for voices that have been silenced by the dominant culture In addition to such well known works as Cecilia Vald s The Kingdom of This World and The Autobiography of a Runaway Slave Luis draws on many literary works outside the familiar canon including Romualdo uno de tantos Aponte Sof a La familia Unzuazu El negrero and Los guerrilleros negros This comprehensive coverage raises important questions about the process of canon formation and brings to light Cuba's rich heritage of Afro Latin literature and culture **Remember, This Was Your Idea** I. Faith and the Good Thing Charles Johnson,2001-07-12 Faith Cross a beautiful and purely innocent young black woman is told by her dying mother to go and get herself a good thing Thus begins an extraordinary pilgrim s progress that takes Faith from the magic and mysticism of the rural South to the promises and perils of modern day Chicago It is an odyssey that propels Faith from the degradation of prostitution drugs and drink into a faceless middle class reality and finally into a searing tragedy that ironically leads to the discovery of the real Good Thing National Book Award winner Charles Johnson s first novel originally published in 1974 puts the life affirming soul of the African American experience at the summit of American storytelling

The Culture and Commerce of the Early American Novel Stephen Shapiro, 2008-04-11 Taking his cue from Philadelphia born novelist Charles Brockden Brown's *Annals of Europe and America* which contends that America is shaped most noticeably by the international struggle between Great Britain and France for control of the world trade market Stephen Shapiro charts the advent, decline and reinvigoration of the early American novel. That the American novel sprang so unexpectedly into published existence during the 1790s may be a reflection of the beginning of the end of Franco-British supremacy and of the power of a middle class riding the crest of a new world economic system. Shapiro's world systems approach is a relatively new methodology for literary studies but it brings two particularly useful features to the table. First it refines the conceptual frameworks for analyzing cultural and social history such as the rise in sentimentalism in relation to a long wave economic history of global commerce. Second it fosters a new model for comparative American studies across time. Rather than relying on contiguous time a world systems approach might compare the cultural production of one region to another at the same location within the recurring cycle in an economic reconfiguration. Shapiro offers a way of thinking about the causes for the emergence of the American novel that suggests a fresh approach to the paradigms shaping American studies.

*Precarious Passages* Tuire Valkeakari, 2022-06-28 *Precarious Passages* unites literature written by members of the far-flung Black Anglophone diaspora. Rather than categorizing novels as simply African American, Black Canadian, Black British or postcolonial African Caribbean this book takes an integrative approach. It argues that fiction creates and sustains a sense of a wider African diasporic community in the Western world. Tuire Valkeakari analyzes the writing of Toni Morrison, Caryl Phillips, Lawrence Hill and other contemporary novelists of African descent. She shows how their novels connect with each other and with defining moments in the transatlantic experience, most notably the Middle Passage and enslavement. The lives of their characters are marked by migration and displacement. Their protagonists yearn to experience fulfilling human connection in a place they can call home. Portraying strategies of survival, adaptation and resistance across the limitless varieties of life experiences in the diaspora, these novelists continually reimagine what it means to share a Black diasporic identity.

**A Visit to the United States in 1841** Joseph Sturge, 2007 For obvious reasons the abolition of slavery in the United States is the most prominent topic in my narrative but I have freely interspersed observations on other subjects of interest and importance as they came under consideration from the Preface. All but forgotten in antislavery history of the United States this powerful testimonial by a British visitor to American shores

offers an intimate look through an outsider's eye at the South's peculiar institution. Sturges, a British Quaker and activist, draws brief portraits of prominent American abolitionists and, unlike many similar contemporary works, does not ignore the contributions of women as social reformers in pre-Civil War American society. Whether it's relating the tale of a runaway slave and her baby sold back into slavery or addressing the everyday indignities suffered by even free black Americans, this 1842 work seethes with the passion and indignation that would eventually see the end of slavery in the United States. British philanthropist and abolitionist JOSEPH STURGE (1793-1859) also wrote *The West Indies* in 1837, an account of slavery in the islands.     Chambers's Miscellany of Useful and Entertaining Tracts William Chambers, Robert Chambers, 1854
