The Small House at Allington, Chronicles of Barsetshire Book 5 Anthony Trollope, 2015-02-21 The squire of Allington had been squire of Allington since squire such as squire are now were first known in England From father to son and from uncle to nephew and in one instance from second cousin to second cousin the sceptre had descended in the family of the Dales and the acres had remained intact growing in value and not decreasing in number though guarded by no entail and protected by no wonderful amount of prudence or wisdom The estate of Dale of Allington had been coterminous with the parish of Allington for some hundreds of years and though as I have said the race of squire had possessed nothing of superhuman discretion and had perhaps been guided in their walks through life by no very distinct principles still there had been with them so much of adherence to a sacred law that no acre of the property had ever been parted from the hands of the existing squire Some futile attempts had been made to increase the territory as indeed had been done by Kit Dale the father of Christopher Dale who will appear as our squire of Allington when the persons of our drama are introduced Old Kit Dale who had married money had bought outlying farms a bit of ground here and a bit there talking as he did so much of political influence and of the good old Tory cause But these farms and bits of ground had gone again before our time To them had been attached no religion When old Kit had found himself pressed in that matter of the majority of the Nineteenth Dragoons in which crack regiment his second son made for himself quite a career he found it easier to sell than to save seeing that that which he sold was his own and not the patrimony of the Dales At his death the remainder of these purchases had gone Family arrangements required completion and Christopher Dale required ready money The outlying farms flew away as such new purchases had flown before but the old patrimony of the Dales remained untouched as it had ever remained
