Hans Christian Andersen was a Danish author best known for writing children's stories, including *The Little Mermaid* and *The Ugly Duckling*. But he didn't just write short stories; his intended audience wasn't restricted to children. In addition to his fairy tales, Andersen wrote poems, plays, novels, travel books, essays, and more. He hungered for recognition at home in Denmark and abroad, and he got it. Eventually, today his stories can be read in over one hundred languages. But no matter what language they're in, Andersen's tales have got something for everyone. In them, you'll find beauty, tragedy, nature, religion, artfulness, deception, betrayal, love, death, judgment, penance, and occasionally a happy ending. They're complex tales, but since Andersen himself was pretty complex, we like to think that art imitates life. Or something like that.
