Rehumanize Your Business Ethan Beute, Stephen Pacinelli, 2019-04-08 Accelerate sales and improve customer experience Every day most working professionals entrust their most important messages to a form of communication that doesn't build trust provide differentiation or communicate clearly enough It's easy to point to the sheer volume of emails text messages voicemails and even social messaging as the problem that reduces our reply rates and diminishes our effectiveness But the faceless nature of that communication is also to blame Rehumanize Your Business explains how to dramatically improve relationships and results with your customers prospects employees and recruits by adding personal videos to emails text messages and social messages It explains the what why and how behind this new movement toward simple authentic videos and when to replace some of your plain typed out communication with webcam and smartphone recordings Restore face to face communication for clarity and connection Add a personal human touch to your emails and other messages Meet people who've sent thousands of videos Learn to implement your own video habit in an easy time saving way Boost your replies appointments conversion referrals and results dramatically If you're ready to influence teach sell or serve in a more personal way Rehumanize Your Business is your guide

*The Excellence Dividend* Tom Peters, 2018-04-19 The Real Deal Seth Godin New

York Times bestselling author of *Linchpin* I'd rather hire someone who has studied Peters' writings than someone who has an MBA. Matthew Kelly, CEO of Floyd Consulting and New York Times bestselling author of *The Dream Manager* Makes me glad to be alive in 2018. Sally Helgesen, author of *The Female Advantage* and *The Female Vision* co-author *How Women Rise*. The Excellence Dividend is a critical new book from one of today's leading visionaries in business. This year's winner of the Thinkers 50 Lifetime Achievement Award and the CEO Reads Lifetime Contribution to the Business Book Industry Award. Tom Peters is one of the world's most revered management gurus and global business thinkers. For decades he has been preaching the gospel of putting people first and in today's rapidly changing business environment this message is more important than ever. Studies show that fewer than one third of employees feel engaged with their work and that half of all jobs are at risk due to technology. But Peters has a solution: a sustained commitment to excellence combined with a commitment to people. These, he argues, are the only tools for coping with and thriving amidst the tsunami of change facing business today. In *The Excellence Dividend*, Peters shows that nothing beats a high quality product or service designed and delivered by people who are as dedicated to each other as they are to their shared goal. With his unparalleled expertise and inimitable charisma, Peters offers brilliantly simple, actionable guidelines for success that any business leader can immediately implement. After spending four decades in pursuit of professional excellence, giving more than 3,000 presentations on the subject and working with companies around the world, Peters has delivered a contemporary personal excellence manual for any professional looking to make their mark and face today's business challenges.

**Handbook of Research on Positive Scholarship for Global K-20 Education** Wang, Viktor, 2018-03-02 In the twenty-first century, learning and the definition of education is changing. Featuring coverage on a broad range of topics such as experiential education, improvisational learning, and andragogy, this publication is geared towards academicians, practitioners, and researchers seeking current research on all areas of education and e-learning.

INTRODUCTION TO DISCOURSE ANALYSIS Nursetia Manalu, Zara Mahfuza Tiara Akmal, Khairunnisa Azzahra, 2025-03-24 *Introduction to Discourse Analysis* provides an in-depth exploration of how language functions in various social and communicative contexts. Discourse analysis is not merely the study of linguistic structures but also an investigation into how meaning is constructed, maintained, and contested in social interactions. This book highlights that language is much more than just a communication tool; it shapes social reality, influences thought patterns, and can even be used as an instrument of power. By integrating approaches from disciplines such as linguistics, sociology, anthropology, and philosophy, the book aims to offer a comprehensive understanding of how discourse

operates in daily life whether in written texts conversations media or digital communication This book is systematically structured with each chapter addressing specific aspects of discourse analysis Some key chapters examine the structure of interaction and speech functions explaining how conversations follow social rules Another chapter discusses Speech Act Theory which illustrates how a speaker s intended meaning can differ from the literal meaning of their words The book also delves into Critical Discourse Analysis emphasizing how language can reinforce or challenge power structures in society such as in political speeches media reports or advertisements Additionally it explores Conversation Analysis helping readers understand how individuals manage turn taking resolve misunderstandings and sustain interactions Furthermore the book discusses the role of discourse in education particularly in language teaching and learning As a multidisciplinary study this book significantly contributes to understanding how language operates in various social contexts Readers including academics students researchers and communication practitioners will gain deeper insights into how language is used to shape public opinion control narratives in the media and influence societal perceptions of different issues By understanding discourse analysis readers can develop a more critical perspective in interpreting texts and speech identifying bias in communication and recognizing how power and ideology function within language Overall Introduction to Discourse Analysis provides a comprehensive understanding of how language is not just a communication tool but also an instrument that shapes social and cultural structures The book emphasizes that meaning in language is not fixed but constantly negotiated through social interactions Therefore mastering discourse analysis is a crucial skill in an increasingly complex and interconnected world With its discussion of various approaches and case studies this book serves as a valuable resource for anyone interested in exploring how language and discourse shape our understanding of the world

**Critical Theory and Transformative Learning** Wang, Viktor, 2018-06-04 Engaging in genuine dialogue and authentic communication is essential for teachers to assist students successes and help them further their education through refining critical thinking skills beyond the classroom Critical Theory and Transformative Learning is a critical scholarly resource that examines and contrasts the key concepts related to critical approaches in educational settings Featuring coverage on a broad range of topics including repressive tolerance online teaching and adult education this book is geared toward educators administrators academicians and researchers seeking current research on transformative learning and addressing the interconnectedness of important theories and praxis

*Extreme Teams* Robert Bruce Shaw, 2017-02-16 This book takes a revitalized look at how teams should work in today s business is driving real growth in some of the world s most innovative firms Every manager desires to have great teams around them collaborating together and running with the mission Unfortunately most of these teams have been built around outdated practices made popular by companies that either no longer exist or haven t been relevant in years However a new generation of teams has learned to do things differently things like hiring the right person instead of the best person focusing on one priority while leaving room to explore new ideas

creating an environment where people are comfortable dealing with the uncomfortable and maximizing profit by not making it top priority In Extreme Teams take a peek into top companies and examine the teamwork experiments powering their results including how Pixar s teams use constant feedback and debate to transform initially flawed films into billion dollar hits A culture of radical freedom and responsibility helps Netflix execute on the next big thing Whole Food s super autonomous teams embrace hard metrics and friendly competition to drive performance Zappos fuels the weirdness and fun that sustains its success From marketing to design to technology to product demand everything has changed in business and will continue to do so Why shouldn t the teams carrying out these changes undergo their own upgrades **Bold Influence**

Kevin Peterson,2019-06-18 The objective to this book is to provide practical techniques to no longer just sit through situations as a passive victim tolerating perpetual inaction Be the one to set the tone for healthy collaboration and actively develop those peers that will be constructive partners to help solve the ills of the enterprise by stepping out from behind the conference table and exhibit the boldness to influence your peers This book provides a set of twenty four key takeaway insights some of which are listed below brought to life with a host of real world business stories that provide tangible guidance on how to apply these concepts to make a bold difference in your sphere of influence whether in business or in your personal life Quality of character is prerequisite to earn the right to influence Influence leaders get assigned to the hairiest problems Influence leaders know when to stop talking and act Influence leaders wear the risk of failure on behalf of their team Influence leaders do not quit until they succeed **Managing Emotions in Organizations** Riikka

Harikkala-Laihinien,2020-11-10 This book takes a fresh perspective to acquisition research focusing on employee emotions It builds on the human centric approach to mergers and acquisitions where previous literature has concluded that emotions are important yet few studies have explored them in depth To fill the gap this book takes emotion research in organizations as its starting point exploring what emotions are how they emerge and how they influence organizational contexts such as acquisitions Whereas previous acquisition literature has concluded that emotions are most often negative and lead to complications this book shows how emotions can become a positive force driving post acquisition change and unification This book combines multidisciplinary theoretical insights with practical real world case studies to provide detailed analysis and approachable findings that will appeal to academics and practitioners alike **Lab Rats** Dan Lyons,2019-01-03 Guardian s

Best Non Fiction 2019 The Tablet s Highlights of 2019 Personality tests Team building exercises Forced Fun Desktop surveillance Open plan offices Acronyms Diminishing job security Hot desking Pointless perks Hackathons If any of the above sound familiar welcome to the modern economy In this hilarious but deadly serious book bestselling author Dan Lyons looks at how the world of work has slowly morphed from one of unions and steady career progression to a dystopia made of bean bags and unpaid internships And that s the good jobs With the same wit that made Disrupted an international bestseller Lyons shows how the hypocrisy of Silicon Valley has now been exported globally to a job near you Even low grade employees

are now expected to view their jobs with a cult like fervour despite diminishing prospects of promotion From the gig economy to the new digital oligarchs Lyons deliciously roasts the new work climate while asking what can be done to recoup some sanity and dignity for the expanding class of middle class serfs **The Entrepreneurial Journey** John J.

Waldron,2019-11-12 A Balanced Approach Emotional awareness is critical for entrepreneurs throughout every stage of the business life cycle As their businesses begin and then mature entrepreneurs face increasingly complex emotional challenges that they must navigate as they take their businesses from an idea to the maturation period of growth and expansion to succession planning and divestiture to the day they step aside John Waldron has leveraged his own entrepreneurial experience and that of the hundreds of business owners he has counseled to build an essential framework that addresses the important balance between the tangible and intangible complexities of each stage of The Entrepreneurial Journey To achieve the greatest level of success you have to balance the technical with the emotional The Entrepreneurial Journey will help potential entrepreneurs navigate both so so that they may bring their businesses to their full potential **Implementing**

**World Class IT Strategy** Peter A. High,2014-08-21 The actionable guide for driving organizational innovation through better IT strategy With rare insight expert technology strategist Peter High emphasizes the acute need for IT strategy to be developed not in a vacuum but in concert with the broader organizational strategy This approach focuses the development of technology tools and strategies in a way that is comprehensive in nature and designed with the concept of value in mind The role of CIO is no longer just to manage IT strategy instead the successful executive will be firmly in tune with corporate strategy and a driver of a technology strategy that is woven into overall business objectives at the enterprise and business unit levels High makes use of case examples from leading companies to illustrate the various ways that IT infrastructure strategy can be developed not just to fall in line with business strategy but to actually drive that strategy in a meaningful way His ideas are designed to provide real actionable steps for CIOs that both increase the executive s value to the organization and unite business and IT in a manner that produces highly successful outcomes Formulate clearer and better IT strategic plans Weave IT strategy into business strategy at the corporate and business unit levels Craft an infrastructure that aligns with C suite strategy Close the gap that exists between IT leaders and business leaders While function innovation and design remain key elements to the development and management of IT infrastructure and operations CIOs must now think beyond their primary purview and recognize the value their strategies and initiatives will create for the organization With **Implementing World Class IT Strategy** the roadmap to strategic IT excellence awaits [The Scrum Master Guidebook](#)
