The Song Before It Is Sung:

The Song Before It Is Sung Justin Cartwright, 2009-07-20 On 20 July 1944 Adolf Hitler narrowly escaped death when an assassin's bomb failed to kill him in his Eastern command the Wolf's Lair. The conspirators were hunted down and hanged from meat hooks and their executions were filmed. Among them was Axel von Gottberg. Sixty years after his death von Gottberg's close friend and now a legendary Oxford professor Elya Mendel leaves a legacy of papers and letters to a former student Conrad. Senior Senior becomes obsessed with what they reveal but as he becomes more and more involved with the past his own relationship with his wife Francine begins to fall apart. The friendship between Mendel and von Gottberg is fatally undermined by a romantic rivalry when two mysterious cousins Rosamund and Elizabeth enter their lives in a richly imagined pre-war Jerusalem. But it is finally destroyed when von Gottberg returns to Germany. Mendel, who is Jewish, believes him to be a Nazi and alerts the Allies to his doubts about his friend, doubts which torment him after von Gottberg is garrotted. Conrad is desperate to find a film Hitler had made of these appalling executions for reasons he himself cannot fully understand. *The Song Before It Is Sung* is a remarkable tapestry of passion, ideas, frailty, courage and humanity spanning Oxford in the 1930s, pre-war Prussia and contemporary Britain. It is a profound novel that addresses the nature of friendship and what it means to be human, and it is the work of a master novelist.

Andreas Rahmatian, 2015-10-30 Copyright specialists have often focused on the exploitation of copyright of music and on infringement but not on the question of how copyright conceptualises music. This highly topical volume brings together specialists in music, musicology and copyright law, providing a genuinely interdisciplinary research approach. It compares and contrasts the concepts of copyright law with those of music and musical performance. Several tensions emerge between the ideas of music as a living art and of the musical work as a basis for copyright protection. The expert contributors discuss the notions of the musical work, performance, originality, authorship in music and in copyright and co-ownership from the disciplinary perspectives of music, musicology and copyright law. The book also examines the role of the Musicians' Union in the evolution of performers' rights in UK copyright law and in an empirical study the transaction costs theory for notice and takedown regimes in relation to songs uploaded on YouTube. This unique study offers an interdisciplinary perspective for academics, policymakers and legal practitioners seeking a state-of-the-art understanding of music and copyright law. **The Last of All Possible Worlds and The Temptation to Do Good** Peter F.
