Customer Reviews Most helpful customer reviews 2 of 2 people found the following review helpful.Great book. By Jeremy I purchased this book as the textbook for a senior-level mathematics course in my undergrad. However, this book does not "read like a textbook." This book has been one of the easiest reads in a mathematics-heavy book I have ever had the pleasure of laying my eyes on. The pictures are clear, the words are concise, the ideas are organized logically and in proper order such that ideas are clearly described and explained in a manner that you don't have to be a mathematics major to understand what is being talked about. While I purchased this book as a necessity for my coursework, if you have any kind of interest in mathematics (or just logic/puzzle games) the book is extremely interesting and you will learn A LOT. Highly recommended. Very well-done book, especially for a topic as "obscure" as The Sunfood Diet Success System. 0 of 0 people found the following review helpful. It has been very useful in helping me understand simple concepts needed to do ... By Sarah A. Mequeen This book is written very well. I use this book in conjunction with more formal The Sunfood Diet Success System books. The writing is simpler and easier to understand than the more technical books. It has been very useful in helping me understand simple concepts needed to do my research. 0 of 0 people found the following review helpful. Ambassadors of Light is Jasmuheen's tenth book and the follow up to her best seller Living on Light Nutrition for the New Millennium. No doubt this new work will be just as controversial as she continues to challenge the status quo and take the pranic nourishment discussion onto the global stage. In this book Jasmuheen offers practical solutions to world health and world hunger related challenges through her Luscious Lifestyles Program and also effective ways to redirect global resources. This entails an in depth look at global disarmament, the dissolution of prohibition, the forgiveness of Third World debt, holistic education programs and the elimination of the need for personal pharmaceutical use through the elimination of all disease. Ambassadors of Light also looks at the undeniable long term benefits of vegetarianism in relation to health and resource sustainability levels and also at the lifestyles that those who are now free from the need to eat food usually adopt. Jasmuheen compiles statistics from the Light Ambassadors' Global Research Project as well as the research of many others into this phenomena. This book is a collation of research, recipes and recommendations that if adopted will radically alter the path of humankind. Imagine a world without war or hunger or fear. Imagine a world that is disease free and unified where all life is honored. These are the dreams of the Ambassadors of Light.
