No Apologies From Focus On The Family:

Focus on the Family with Dr. James C. Dobson, 1999 **Breaking the Silence** Ellen Grünkemeier, 2013 Examines the South African HIV AIDS epidemic through creative texts and the impact of these representations in determining which issues receive attention and how public understanding of the virus is shaped South Africa is one of the countries in the world most affected by HIV AIDS and yet until recently the epidemic was barely visible in South African literature Much can be gained from approaching the South African epidemic through creative texts such as novels photographs films cartoons and murals because they produce and circulate meanings of HIV AIDS and its various facets such as its origin transmission routes and physical manifestations Other aspects explored are the denial of HIV AIDS its stigmatisation discriminatory practices modes of disclosure access to anti retroviral medication as well as the role of alternative treatment Creative texts which are open to different and possibly contradictory readings can serve as a starting point to increase the cultural visibility of the virus and to challenge dominant ideas about the epidemic The cultural constructions of HIV AIDS should be carefully examined because the meanings are pervasive and have very real consequences they play a powerful role both in determining which issues receive attention and in shaping public understanding of the virus Ellen Grünkemeier is a lecturer and researcher in the English Department at Leibniz University of Hanover Germany Her publications include two co edited volumes on postcolonial literatures and cultures *Listening to Africa Anglophone African Literatures and Cultures* 2012 and *Postcolonial Studies across the Disciplines ASNEL Papers 19* forthcoming *Progressive Sexuality Education* Mary Lou Rasmussen, 2015-10-05 This book engages contemporary debates about the notion of secularism outside of the field of education in order to consider how secularism shapes the formation of progressive sexuality education Focusing on the US Canada Ireland Aotearoa New Zealand and Australia this text considers the affinities prejudices and attachments of scholars who advocate secular worldviews in the context of sexuality education and some of the consequences that ensue from these ways of seeing This study identifies and interrogates how secularism infuses progressive sexuality education It asks readers to consider their own investments in particular ways of thinking and researching in the field of sexuality education and to think about how these investments have developed and how they shape existing discourses within the field of sexuality education It hones in on how progressive sexuality education has come to develop in the way that it has and how this relates to conceits of secularism This book prompts a consideration of how progressive scholarship and practice might get in the way of meaningful conversations with students teachers and peers who think differently about the field of sexuality education

Never Ask for an Apology Jimmie Clay, 2007-08 Everyday somebody is offering an apology for something he she did or said that may have offended somebody else or a certain group From the beginning to the end of this book authentic examples are given where a person offended or harmed another and followed up the action by either making a genuine apology made a blunder or failed to offer one at all The examples typify the advent of apologies and apologizing in our society today

especially from those we call celebrities and those who we look to for good character It has been observed that over the past several years we have seen and heard many public acts of contrition from movie and sports stars to religious leaders politicians and common people Some of the expressions that are called apologies have been sincere and were presented in a genuine manner On the other hand some of the gestures made the situations worse and diminished the act altogether A genuine apology is defined as a gesture that expresses one regret over an offense fault or accident caused to another The gesture includes an admission that harm was caused to the other person or group and a sincere promise that the act will not happen again As a means to illustrate how a genuine apology can be presented to an offended person or group six cases are revisited and rewritten in different statements to make the gestures more authentic Obviously there are different views on apologizing for harm caused to others Several distinguished individuals were interviewed to ascertain their perceptions on apology and apologizing for harm caused to another person or group **Help!
