Amorous Life Harald William Fawkner, 2007 AMOROUS LIFE One of the most fascinating explorations of the work of British novelist John Cowper Powys by H W Fawkner one of the foremost commentators of this neglected completely extraordinary author

EXTRACT Weymouth Sands is a wonderful novel In a sense it is the foremost work to come from the pen of John Cowper Powys There is a sense of aesthetic consummation saving the novel from the sprawling excessiveness of some of its chief creative rivals A Glastonbury Romance has the same indomitable energy and even the same type of internal happiness but it does not have an equal sense of measure poise and economy At the same time Weymouth Sands is not a curtailing of Powys's genius in the way that Great Expectations sacrifices Dickens's marvellous capacity for nonsensical digression demonstrated as early as Pickwick Papers The lack of bulk and the loss of enormity do not prevent Weymouth Sands from asserting itself as mass Weymouth is not less solid than Glastonbury The advancing and retreating sea tides are not conceived on a scale that is more limited than the one utilized as canvas for the grand brushstrokes of history in Owen Glendower In becoming John Cowper's most aesthetically perfect work Weymouth Sands has made no sacrifices whatsoever Here that which is most aesthetic is by the same token that which is most Powysian most eccentric For some strange reason the eccentricity of Weymouth Sands is compatible with the principles of traditional aesthetic form something which we can say of few other works from the hand of this artist John Cowper's best fiction and best philosophy is built on the idea indeed reality of deliciousness Deliciousness as such vanishes from the writer's horizon as he progressively slips from the height of his powers into old age In this sliding Powys drifts away not only from the astonishing precision of his material hold on the richness of his own life receptivity but also from the idea of the work of art as a quintessentially Powysian construct In John Cowper Powys's best works the idea of the presence of deliciousness is indistinguishable from the idea of the presence of amorous life By amorous life I basically mean what the narrator means in

Weymouth Sands when describes the ideal erotic affectivity of women like Gipsy May Marret and Peg Frampton as a latent passion to offer up their amorous life as mystics offer up their souls In this assertion amorous life and soul are understood as being on a par as somehow being each other's possible substitutes In other words the soul passes imperceptibly into amorous life for a mystic who no longer lives in the ancient world of dogma but in the world as we know it today In a sense in fact amorous life is a refinement of soul

Rethinking Powys Jeremy Robinson, 2007 JOHN COWPER POWYS A new collection of essays on John Cowper Powys 1872 1963 H W Fawcner's essay Venus explores issues of reading movement love and sex the amorous self and affectivity in A Glastonbury Romance Ian Hughes looks at the genre of Powys's novels and how the philosophical romances were influenced by Walter Pater's Marius the Epicurean Janina Nordius discusses the crucial Powys theme of transcendental solitude in the key novel of the Powys self alone Wolf Solent Joe Boulter's essay concentrates on the affinities between modernism and postmodernism pragmatism and deconstruction in one of Powys's late novels The Inmates via thinkers such as William James Michel Foucault Gilles Deleuze and Félix Guattari By the time he started writing his most admired works around 1929 the four Wessex novels Wolf Solent A Glastonbury Romance Weymouth Sands and Maiden Castle the two Welsh epics Owen Glendower and Porius and the unsurpassed Autobiography John Cowper Powys was in his late fifties By then he had already been a philosopher a successful lecturer with packed out lectures in the U S A a storyteller a would be magician and a poet Powys loved writing whether it was letters essays novels or philosophical commentaries He lived mainly from his writing after 1930 after nearly 30 years of lecturing mainly in the United States He produced many books which included novels philosophical essays poetry correspondence and literary criticism Some of the writers that Powys knew personally included Theodore Dreiser Thomas Hardy William Barnes W B Yeats Dorothy Richardson Aleister Crowley and Bertrand Russell In America Powys was friends with Dreiser Edna Vincent Millay Edgar Lee Masters and Arthur Davison Ficke He also met E E Cummings Amy Lowell Edmund Wilson F Scott Fitzgerald Marianne Moore Ford Maddox Ford and Will Durant and performers such as Charlie Chaplin and Isadora Duncan

Early Netherlandish Painting Rosalind Mutt, 2008-02 EARLY NETHERLANDISH PAINTING A fully illustrated survey of Early Netherlandish painting featuring all of the major artists and many lesser known painters Early Netherlandish painting also known as Flemish painting is characterized by figurative realism its incredible sense of domestic interiors and details luminous light its realist faces and its fusions of a micro and macro cosmic vision We concentrate here on painters such as Rogier van der Weyden 1400 1464 Jan van Eyck c 1390 1441 commonly described as the founder of modern oil painting Gerard David c 1460 1523 Hugo van der Goes 1440 1482 Hans Memling 1433 1494 Joos van Cleve c 1485 1540 Jan Gossaert also called Mabuse c 1475 8 1532 Geertgen tot Sint Jans fl late 15th 1485 95 Quentin Massys c 1465 1530 Joachim Patinir c 1485 1524 Dieric Bouts c 1415 1475 Petrus Christus fl 1442 1473 and Bernard van Orley c 1488 1541 One of the most celebrated aspects of Early Netherlandish or Flemish painting is its heartfelt intense religious emotion It is this aspect that interests us in this book The

new aesthetic vision of Early Netherlandish art was later applied to still life paintings satires landscapes and portraits but it is the religious works with which we are concentrating on here Michelangelo's famous statement about Early Netherlandish art pinpoints the depth of devout feeling found in so much of Northern European art Flemish painting will generally speaking please the devout better than any painting in Italy which will never cause him to shed a tear whereas that of Flanders will cause him to shed many The new vision of Northern European painting which flourished in the 15th century was a combination of a new aesthetic approach to reality and an intensifying of religious fervour The new vision aimed at sculptural accuracy a naturalistic use of lighting and three dimensionality Mixed with the new use of oil paint the new vision gave the art of Philip the Good's reign a special flavour and style well suited to the circumscription of devout religious truths The new painting inherited its jewel like brilliancy partly because many painters were trained as goldsmiths This skilled handling of metalwork and miniature illustration shows in Early Netherlandish art All Early Netherlandish paintings were made on wood panels and painted from light to dark in thin glazes It is partly this subtle glazing which gives Early Netherlandish painting its glorious luminescence The Early Netherlandish artists exploited the effects of different hues and thicknesses of glazes of oil paint controlling how the glazes reflected light

Frank Stella James Pearson, 2007 A new critical survey of the celebrated New York abstract painter Stella achieved success early on in his career with his Black Paintings of the late 1950s In the 60s his colourful Protractor series and geometric shaped canvases became some of the most distinctive manifestations of postwar and Minimalist art In the 1970s Stella went maximalist producing multi media works often using lumps of aluminium and steel which were vivaciously and complexly three dimensional A new special edition completely rewritten and many more illustrations

Stepping Forward Wolfgang Iser, 2008 Pinpointing a flaw in prevailing economic practices that explains why so many families in the richest nation on earth are mired in poverty homelessness joblessness and hunger this study suggests that a reform is available to correct this flaw that is corroding the enterprise system This flaw is widely accepted and enshrined in law certain taxation and land policies enable a powerful few to skim off a large share of the wealth created by the mass of citizens How this injustice plays a major role in generating destructive boom and bust cycles is important but the overprivileged who benefit from legalized theft are not vilified Rather the book calls for correcting the public policies that make slum ownership land speculation and other forms of parasitic and exploitive behavior more profitable than honest labor and productive enterprise Accounts of places in the United States and elsewhere that are applying the proposed reform are presented proving that it is politically feasible and offers an ethical cleansing of the economy so that all people can enjoy all the fruits of their efforts
