Mukherjee, 2014-05-29 The Art of Screenplays is a working handbook for writers with stories to tell Addressing the key issues of creativity and craft its aim is to connect with our natural understanding of story to demystify the screenwriter's art and to enable fresh original and authentic writing Working on the central premise that drama reflects nature and screenplays simply echo life as we know it the areas Mukherjee discusses include The Writer's eye How to gather ferment and communicate story The art of action Understanding structure through observation Who am I Exploring the levels of characters Vertical structure Say what you mean Mean what you say Speak the speech The art of not writing dialogue AI

and IA Ted Peters, 2019-09-01 Will advances in AI Artificial Intelligence or IA Intelligence Amplification lead to the extinction of the human race as we know it Or will superintelligence lead to utopia In this collection of thoughtful essays we must first get clear on the question is artificial intelligence actually intelligent or not Only with an affirmative answer could our techies proceed toward their goal the creation of a superintelligence that leads through transhumanism to a posthuman entity that would replace today's human Should today's moderately intelligent human species voluntarily go extinct to make way for a more intelligent species to succeed us in evolutionary history These scientific questions are addressed in this volume in light of their theological ethical and social implications NOVEMBERTEENTH / APRILTEENTH George Rainey, Jr., 2018-06-01
