The Search For Bobby McGee:

Finding Satan Andrew Neiderman, 2006-09-01 From the author of *The Devil's Advocate* and *Deficiency* a novel about the battle between good and evil and a Biblical revelation that changes the course of history ONLY THE GIFTED CAN SEE IT In upstate New York Christopher Drew is leading a remarkable team of psychics in a groundbreaking union of science and psychokinesis It's the ability to track manifestations of pure evil black clouds of doom that they have chased across an ever darkening American landscape As the storm clouds grow so does Drew's fear that this gathering evil is powered by something far darker than human nature And it knows it's being watched ONLY THEY KNOW THE END IS NEAR In the Arizona desert a theologian searches for proof of the divine A mass of cultists prepares for the coming of the Antichrist A spy is dispatched from the Vatican to unravel the truth of the psychics visions And as a startling Biblical revelation comes to light as an apocalyptic battle between good and evil unfolds Christopher Drew and his team must brave the fires of a hell on earth to carry out their manifest goal to the terrifying end

Stuck in Neutral Cathie Jo Martin, 2000 According to conventional wisdom big business wields enormous influence over America's political agenda and is responsible for the relatively limited scale of the country's social policies In *Stuck in Neutral* however Cathie Jo Martin challenges that view arguing that big business has limited involvement in social policy and in many instances desires broader social interventions Combining hundreds of in depth interviews with careful quantitative analysis Martin shows that there is strong support among managers for government sponsored training health work and family initiatives to enhance workers skills and productivity This support does not translate into political action surprisingly because big firms are not organized to intervene effectively Every large company has its own staff to deal with government affairs but overarching organizations for the most part lobby ineffectively for the collective interests of big business in the social realm By contrast small firms which cannot afford to lobby the government directly rely on representative associations to speak for them The unified voice of small business comes through much more clearly in policy circles than the diverse messages presented by individual corporations ensuring that the small business agenda of limited social policy prevails A vivid portrayal of the interplay between business and politics *Stuck in Neutral* offers a fresh take on some of the most controversial issues of our day It is a must read for anyone interested in the past present and future of the American welfare state and political economy

point overlooking the Pacific *Now Is Not the Time* Brett Bowden, 2024-11-26 Human beings have an overwhelming tendency to overemphasize the significance of the present without considering context or historical perspective For many here and now is as good as it gets we have steadily progressed from a savage past and all we have to look forward to is the great unknown But if our literature and cinema are anything to go by many are convinced that the future will indeed be dystopian At the same time arguments abound that living in the moment is a key to happiness and success However to privilege the present over the past or future Brett Bowden argues is to engage in tempocentrism More than a mere preoccupation with the present tempocentrism involves comparing and judging the past in relation to the present with the tendency to assume that the present isn't only materially and qualitatively different from the past but also superior to it often morally so Yet tempocentrism a mistaken belief in the unprecedented nature of events going on around us brings with it a skewed perspective loaded with bias and prejudice Requiring just as much ignorance and arrogance as Eurocentrism tempocentrism implies that the present is somehow superior to the past because we live in it now The point however is not to suggest that there is not something special about the present there might well be but now is not the time to decide whether it is more significant than previous moments or those still to come Depending on the issue or event in question the time for that is later possibly hundreds or thousands of years later **Sons of the Old Country** Tom Cavenagh, 2014-03-28 Sons of two old countries Ireland and Italy two old and feared brotherhoods the IRA and the Mafia They come into violent conflict over the exploitation of Irish shopkeepers by violent extortionists The Mafia Don has never experienced the frustration and exasperation the Irish leader constantly quoting Irish philosophy and aphorisms forces upon him The FBI the Boston police and the other crime families are drawn into the battle with all of the predictable violence assassination kidnapping and mayhem seasoned by humor drama and two very unlikely romances The denouement must be read to be believed
