The Second Coming: The Karma Chronicles C. J. Daniels, 2022-03-23 Reviewers have said of Cary Daniels' novels 'What a great sci fi adventure I couldn't put it down' 'Barthelme Banks Mumm' I grew up reading the masters of Science Fiction C J Daniels satisfies that old itch for an out of this world adventure combined with great writing 'Shirrel Rhoades' former publisher Marvel Comics I can't wait to read the next book 'H L Osterman Robots and Rust Buckets' Sam Rossi had saved the world forcing Jacob Magnus and the few surviving members of the Board into hiding He'd hoped this last death would have made a difference stopped the Coming that was set to end the existence of all mankind Unfortunately he'd only delayed the inevitable Now the fallen and the demons of legend were freely crossing the decaying barrier between dimensions drawn by the unearthly pull of Jacob Magnus Twenty five years later a new Board rechristened the Conclave has been built on the ruins of the old This time however the vindictive and sinister Magnus has grander plans Rather than simply defeating his old enemy he has sworn to humiliate and use him as his final answer a pawn in his own version of a Second Coming Thus ensues a heart pounding race between good and evil with the lives and souls of the human race hanging in the balance Even with Anna his spirit guide in the form of a Carolina Dog will Jake be the world's savior or an unwilling pawn in its ultimate damnation

The Amlydar Chronicle Clifford J. Farides, 2003-11 At first Karl Gray was a POW who wandered down the wrong tunnel underneath a church in the Balkans That fateful turn took him to Amlydar

David's Question Edward Reaugh Smith,2001 If ultimately there is only one reality then neither religion nor science can be fulfilled until they come together on a higher plane In this second volume of his authoritative anthroposophical commentary on the Bible Edward Reaugh Smith shows that there is no difference between true science and the divine intelligence sought by true religion The model for such a union of science and religion is the spiritual science developed by Rudolf Steiner In this union what the senses show us about the physical world when keenly observed and allowed to speak for itself instead of being abstracted into theories become images of the spiritual world As above so below Drawing on his extensive knowledge of the Bible the author shows us that anthroposophy provides unique insights into the biblical account Included are essays on Evolution Creation and Apocalypse The Four Elements As Above So Below Fire where Earth and Heaven meet Light the first form of corporeality from which all else follows Blood the meeting point of inner and outer worlds What Is Man how beings of the higher worlds work in forming the earthly vehicle for the human being Plus Numerous Charts Tables an extensive bibliography and an index of scriptures cited This is an important resource for anyone who wants to dig into the deepest meanings of biblical scriptures The Astrological Revolution Robert A. Powell, Kevin Dann,2010-10 Like the prostrate pilgrim on the front cover with his head protruding through the vault of heaven to discern the working of the cosmos humanity has for many centuries employed astrology to penetrate the mystery of the stars relationship to human destiny Based on decades of research into both astrological reincarnation and the history of astronomy astrology The Astrological Revolution unfolds this mystery The reader is invited to call into question the basis of modern astrology This basis the tropical zodiac emerged through Greek astronomers from what was originally a calendar dividing the year into twelve solar months The fact that ninety eight percent of Western astrologers use the tropical zodiac means that contemporary Western astrology is based on a calendar system that does not reflect the actual location of the planets against the background of the starry heavens In other words most astrologers in the West are practicing a form of astrology that no longer embodies the reality of the stars What is needed to bring astrology which means the science of the stars back into alignment with the stars in the heavens The first step in an astrological revolution that leads to true astrology is to recognize the sidereal zodiac sidereal meaning related to the stars In antiquity the Babylonians Egyptians Greeks Romans and Hindus used the sidereal zodiac and today Hindu Vedic astrologers still use the sidereal zodiac Based on recognition through the

newly discovered rules of astrological reincarnation that the sidereal zodiac presents an authentic astrological zodiac a new practice of astrology is possible that offers tools to reestablish a wisdom filled astrology in the modern world This new astrology based on the sidereal zodiac is similar to the classic sidereal form but in a modern form as that practiced by the three magi who prompted by the stars journeyed to Bethlehem two thousand years ago Drawing on specific biographical examples The Astrological Revolution reveals new understandings of how the starry heavens work into human destiny For instance the book demonstrates the newly discovered rules of astrological reincarnation through the previous incarnations of composer Franz Schubert and his patron Joseph von Spaun respectively the Sultan of Morocco Abu Yusuf Ya qub and his erstwhile enemy Alfonso X the Castilian King known as El Sabio the Learned along with their sidereal horoscopes Rudolf Steiner s biography is also considered in relation to the sidereal zodiac and the rules of astrological reincarnation After reestablishing the sidereal zodiac as a basis for astrology that penetrates the mystery of the stars relationship to human destiny the reader is invited to discover the astrological significance of the totality of the vast sphere of stars surrounding the Earth The Astrological Revolution points to the astrological significance of the entire celestial sphere including all the stars and constellations beyond the twelve zodiacal signs This discovery is revealed by studying the megastars the most luminous stars of our galaxy illustrating how megastars show up in an extraordinary way in Christ s healing miracles by aligning with the Sun at the time of those miraculous events The Astrological Revolution thus offers a spiritual yet scientific path of building a new relationship to the stars
