Cook, 1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published through 1981 Added to it are indexes of many magazines of related nature This includes magazines that are primarily oriented to boys book collecting the paperbacks and the pulp magazine hero characters since these all have a place in the mystery and detective genre      From Acid to the Body of Christ Daxx Danzig, 2009-11 In December of 2008 the true meaning of life religion and the enmeshed perceptions of a modern altered state analysis were finally documented This contemplation of God and reality linked with the help of nature is nothing new History is replete with efforts to achieve the human goal of bridging the gap between man and deity Where is God Is bilateral communication only upon achieving a level of consciousness higher than the self awareness Maslow opines The author s findings are less conclusive than enlightening the consummation not near significant as the journey itself FROM ACID TO THE BODY OF CHRIST was previewed and critiqued by a random group of published authors aspiring writers and avid readers from all over the world The resulting commentaries are of no surprise Take a trip through the mind of Daxx Danzig Then decide for yourself The book is so amazing that I don t have the words to explain how surpassing it is in every sense You are the Gandalf of the written word weaving effortless spells that leave me stunned spellbound and completely under your command I was enthralled by the brilliantly placed pop culture references I was also quite struck by the writing style in general frenetic while on LSD reflective when meeting God It s like a Baroque composition that changes in pace depending on the mood conveyed Trippy surreal and hilarious You may have begun an entirely new literary genre Tell me Daxx Danzig has a professional background in psychology and this is a meshing of case studies from his patients Or could he simply be a dark twisted genius with that many quirks and afflictions Your huge following will be cult like soon This is art This is phenomenal and you have captured the pen of a generation An amazing and cerebral odyssey Anyone got Quentin Tarantino s number The level of which you write is embedded in all of us The problem is that most of us are unable to access that level of thinking Clearly people of political correctness insecurity will damn the book and deem it impossible to comprehend However intelligent readers will see through the words and easily acknowledge the glaring truth of your writing The book is not for the casual reader as it compels one to delve into a part of us that many wish to avoid I fear this brilliant work of art will prove too bright for the hypocrite who wishes to remain in a safe pretend world instead of opening their mind and exploring the true human psyche The play of words and their adoption to the author s real life through the eyes of this man is worthy of adjectives not yet created It is simply a deep and real peek into our minds and how one small act can cause a lifetime of intrepid experiences mostly from the inner self I am reading it again for the second time and daresay it will require many more readings to glean the necessary conveyances to appreciate In a span of two weeks I saw TOOL perform live and read From Acid to the Body of Christ My life is now complete THE most disturbing yet inspiring story I ve ever read and I mean that in the most epic sense Sort of like the proverbial train wreck that you gawk
