The Secret Speeches of Chairman Mao Roderick MacFarquhar, Eugene Wu, Timothy Cheek, 2020-10-26 In 1957 and 1958 Chairman Mao Zedong led China into two major experiments the Hundred Flowers policy of encouraging literary and political free expression and the economic Great Leap Forward Each was a disaster Repression followed the first when it became clear that intellectuals would criticize the Communist Party itself famine followed the second During two crucial years when the movements were being initiated however Mao addressed various Party groups behind closed doors to explain the new policies and exhort compliance Recorded at the time and collected for limited circulation in the 1960s by his admirers among the Red Guards the speeches question and answer sessions and letters here translated have never before been published in China or the West These new candid materials revise our understanding of how the policies developed and reveal not only the extent of Mao's power but the startling flights his untethered thought could take Introductory essays by Roderick MacFarquhar Benjamin Schwartz Eugene Wu Merle Goldman and Timothy Cheek provide a context for evaluating and interpreting the nineteen texts translated in this volume

The "secret" Speech Nikita Sergeevich Khrushchev, Bertrand Russell Peace Foundation, TŃSŃK KPSS., 1976

A Short History of Sino-Soviet Relations, 1917-1991 Zhihua Shen, 2019-10-31 Drawing on the rich trove of recently declassified Russian and Chinese archival materials this history of Sino Soviet relations in the 20th century sheds new light on key events during this period It offers fresh insights into the role of ideology and national interests in the evolution of the complex and turbulent relationship between not just the two countries but also their respective Communist Parties The chapters on the normalization of bilateral ties provide an in depth analysis of divisions in the socialist camp that culminated in both its collapse and the disintegration of the Soviet Union The book argues that 20th century Sino Soviet relations reflected both long standing and emerging political and geopolitical challenges facing members of the Cold War socialist camp in particular tensions between the ideal of internationalism and national aspirations between commitment to the principle of sovereignty and commitment to that of equality in international relations and between inter party relations and inter state relations This makes for a valuable addition to the reading lists of all those interested in the development of the relationship between two of the world's most important countries

Totalitarianism Hannah Arendt, 2018-06-01 The great twentieth century political philosopher examines how Hitler and Stalin gained and maintained power and the nature of totalitarian states In the final volume of her classic work *The Origins of Totalitarianism* Hannah Arendt focuses on the two genuine forms of the totalitarian state in modern history the dictatorships of Bolshevism after 1930 and of National Socialism after 1938 Identifying terror as the very essence of this form of government she discusses the transformation of classes into masses and the use of propaganda in dealing with the nontotalitarian world and in her brilliant concluding chapter she analyzes the nature of isolation and loneliness as preconditions for total domination The most original and profound therefore the most valuable political

theoretician of our times Dwight Macdonald *The New Leader* *Inter-American Series* United States. Department of State, 1985 **Big Intel** J. Michael Waller, 2024-01-16 *Big Intel* recounts the dramatic story of the rise and Cold War heroics of the CIA and the American intelligence apparatus followed by its unfortunate slide into Marxist influenced Deep State dysfunction as BIG INTEL became BAD INTEL How the Left Subverted the CIA and FBI Once upon a time the FBI and the CIA fought America's enemies at home and abroad Now they are tools of a growing police state attacking the left's political enemies and spying on ordinary American citizens even parents who push back against radical public schools How did we get here In this revealing and thoroughly documented book a former CIA operative traces the origins of Big Intel to a loose network of Marxist academic agitators known as the Frankfurt School Their ideology appealed to the Ivy League elites populating the CIA but the subversion of the FBI took longer impeded for a time by the bureau's staunchly anti Communist director J Edgar Hoover Eventually both institutions succumbed and today Big Intel is controlled by the cultural Marxists Chronicling the parasitic infiltration of the CIA and FBI Big Intel shows how normal intelligence functions have given way to political correctness and never ending pride propaganda trapping agents in the diversity equity and inclusion house of mirrors Most chilling of all is the emergence of the leftist security state Big Intel has become Bad Intel There are hard times ahead but if Americans remember what freedom once was we can still defang Big Intel and return our intelligence services to the service of democracy **The Stalin Years** Evan Mawdsley, 2003-09-06 Looking at the entire Stalin era this book contains chapters on ideology politics economic development social change nationalities culture and external relations and the Great Terror An updated bibliography including a wealth of recent English language work on the rule of Stalin is included **Bulletin**, 1995 **Inter-American Series, No. 1-** United States. Department of State, 1985 *Tsars, Soviets, Putin* Wojciech Materski, 2025-04-21 Wojciech Materski's book *From the Tsars to The Tsar* gives a synopsis of the politics of memory practiced by Russia from the sixteenth to the twenty first century He shows how irrespectively of the period in its history Russia's politics of memory have always been used as a tool to integrate the country's inhabitants reinforce the cult of their leader cultivate the social attitudes and stereotypes its rulers wanted the people to embrace and relativize their mistakes and crimes The broad perspective Materski adopts provides a very substantial supplement to earlier work on the subject or in fact takes the time range he considers much further offering the latest highly original and thoroughly researched synthesis of Russia's politics of memory from the sixteenth to the twenty first century These qualities alongside the current geopolitical situation overshadowed by Russia's invasion of Ukraine make Wojciech Materski's book an attractive offer not only for historians political scientists sociologists and specialists in international relations but also for students and non specialists looking for information on Russia's history and foreign policy **The Cold War in Asia** J. Bruce Amstutz, 1996-12 **Philology on the English Language** Richard Paul Jodrell, 1820 *The Oxford Handbook of Cognitive Literary Studies* Lisa Zunshine, 2015 *The Oxford Handbook of Cognitive Literary Studies* applies developments in cognitive

McDermott, 2002-12-11 The British Irish Russian American German and Austrian contributors examine the intricate nature of the mass repression unleashed by the Stalinist leader of the USSR during 1937-38 The first part of the collection deals with annihilation policies against the Soviet elite and the Communist International The second section of the volume looks at mass operations of the secret police NKVD against social outcasts Poles and other hostile ethnic groups The final section comprises micro studies about targeted victim groups among the general population

Yugoslavia and the Soviet Union in the Early Cold War Svetozar Rajak, 2010-10-18 This book provides a comprehensive insight into one of the key episodes of the Cold War the process of reconciliation between Yugoslavia and the Soviet Union At the time this process had shocked the World as much as the violent break up of their relations did in 1948 This book provides an explanation for the collapse of the process of normalization of Yugoslav Soviet that occurred at the end of 1956 and the renewal of their ideological confrontation It also explain the motives that guided the two main protagonists Josip Broz Tito of Yugoslavia and the Soviet leader Nikita Sergeevich Khrushchev Based on Yugoslav and Soviet archival documents this book establishes several innovative theories about this period Firstly that the significance of the Yugoslav Soviet reconciliation went beyond their bilateral relationship It had ramifications for relations in the Eastern Bloc the global Communist movement and on the dynamics of the Cold War world at its crucial juncture Secondly that the Yugoslav Soviet reconciliation brought forward the process of de Stalinization in the USSR and in the Peoples Democracies Thirdly it enabled Khrushchev to win the post Stalin leadership contest Lastly the book argues that the process of Yugoslav Soviet reconciliation permitted Tito to embark together with Nehru of India and Nasser of Egypt upon creating the new entity in the bi polar Cold War world the Non aligned movement This book will be of interest to students of Cold War History diplomatic history European history and International Relations in general Svetozar Rajak is a lecturer at the London School of Economics and Political Science He is the Managing Director of the LSE Cold War Studies Centre and is a member of the Editorial Board of the journal Cold War History [The Writings of Mao Zedong, 1949-1976: January 1956-December 1957](#)

Performing Peace and Friendship Pia Koivunen, 2022-11-07 Performing Peace and Friendship tells the story of how the Soviet Union succeeded in utilizing the World Festival of Youth and Students in its cultural diplomacy from late Stalinism through the early Khrushchev period Pia Koivunen discusses the evolution of the youth gathering into a Soviet cultural product starting from the first festival held in Prague in 1947 and ending with the Moscow 1957 gathering the latter becoming one of the most frequently referred moments of Khrushchev s Thaw By combining both institutional and grass roots perspectives the book widens our understanding of what Soviet cultural diplomacy was in practice re evaluates the agency of young people and provides new insights into the Soviet role in the cultural Cold War Koivunen argues that rather than simply being orchestrated rallies by the Kremlin bureaucrats the World Youth Festivals also became significant spaces of transnational encounters for young people who found ways to employ the event for overcoming the various restrictions and boundaries of the Cold War world
