The Edition Définitive of the Comédie Humaine: Scenes of Parisian life Honoré de Balzac,1897 **The Lady's Magazine, Or, Entertaining Companion for the Fair Sex, Appropriated Solely to Their Use and Amusement** ,1804 **The Sex Lives of Saints** Virginia Burrus,2010-08-03 Has a repressive

morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula The Sex Lives of Saints frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest Lives of Saints mostly dating to the late fourth and early fifth centuries Jerome's Lives of Paul Malchus Hilarion and Paula Gregory of Nyssa's Life of Macrina Augustine's portrait of Monica Sulpicius Severus's Life of Martin and the slightly later Lives of so called harlot saints Queer's m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended

Non-Elegiac Latin Love Poetry of Late Antiquity Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid's death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the Pervigilium Veneris Ausonius Bissula Reposianus De concubitu Martis et Veneris and the Aegritudo Perdicae The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era

The Architecture of Percier and Fontaine and the Struggle for Sovereignty in Revolutionary France Iris Moon, 2016-11-25 As the official architects of Napoleon Charles Percier 1764 1838 and Pierre Fran ois L onard Fontaine 1762 1853 designed interiors that responded to the radical ideologies and collective forms of destruction that took place during the French Revolution The architects visualized new forms of imperial sovereignty by inverting the symbols of monarchy and revolution constructing meeting rooms resembling military encampments and gilded thrones that replaced the Bourbon lily with Napoleonic bees Yet in the wake of political struggle each foundation stone that the architects laid for the new imperial regime was accompanied by an awareness of the contingent nature of sovereign power Contributing fresh perspectives on the architecture decorative arts and visual culture

of revolutionary France this book explores how Percier and Fontaine's desire to build structures of permanence and their inadvertent reliance upon temporary architectural forms shaped a new awareness of time memory and modern political identity in France
