The Wicked Waltz and Other Scandalous Dances Mark Knowles, 2009-06-08 The waltz perhaps the most beloved social dance of the 19th and early 20th centuries once provoked outrage from religious leaders and other self appointed arbiters of social morality Decrying the corrupting influence of social dancing they failed to suppress the popularity of the waltz or other dance crazes of the period including the Charleston the tango and animal dances such as the Turkey Trot Grizzly Bear and Bunny Hug This book investigates the development of these popular dances considering in particular how their very existence as taboo cultural fads ultimately provided a catalyst for lasting social reform In addition to examining the impact of the waltz and other scandalous dances on fashion music leisure and social reform the text describes the opposition to dance and the proliferation of literature on both sides *The Guinness Book of Records* Guinness book of records (N.Y.), N.Y.), 1990 *Reality TV* Mark Andrejevic, 2004-09-08 Drawing on cultural theory and interviews with fans cast members and producers this book places the reality TV trend within a broader social context tracing its relationship to the development of a digitally enhanced surveillance based interactive economy and to a savvy mistrust of mediated reality in general Surveying several successful reality TV formats the book links the rehabilitation of Big Brother to the increasingly important economic role played by the work of being watched The author enlists critical social theory to examine how the appeal of the real is deployed as a pervasive but false promise of democratization

The Illusionist Robert Hutton, 2024-09-03 The astonishing story of how

in 1942 in Egypt Colonel Dudley Clarke's ingenious A Force thwarted the Nazis while inventing a whole new playbook of military deception. Cairo 1942: If you had asked a British officer who Colonel Clarke was, they would have been able to point him out. Always ready with a drink and a story, Clarke was a well-known figure in Cairo's social circles and nightlife. If you then asked what he did, you would have less success. Those who knew didn't tell, and almost no one really knew at all. Clarke thought of himself as developing a new kind of weapon. Its components: Rumor, stagecraft, a sense of fun. Its target: The mind of Erwin Rommel, Hitler's greatest general. Throughout history, military commanders have sought to mislead their opponents. Dudley Clarke set out to do it on a scale no one had imagined before. Even afterwards, almost no one understood the magnitude of his achievement. Drawing on recently released documents and hugely expanding on the lurid portrait of Clarke as seen in *SAS: Rogue Warriors*, journalist and historian Robert Hutton reveals the amazing story of Clarke's A Force, the invention of the SAS and the Commandos, and the masterful hoodwinking of the Desert Fox at the battle of El Alamein. *The Illusionist* tells for the first time the dazzling tale of how, at a pivotal moment in the war, British eccentricity and imagination combined to thwart the Nazis and save innumerable lives on both sides.
