**Language, Identity Online and Running** Nur Kurtoğlu-Hooton, 2021-10-16 This book focuses on language and identity online within the context of running from an interdisciplinary perspective. It brings together digital ethnography, existential phenomenology, interpretative phenomenological analysis, and sporting embodiment in the pursuit to explore runners' lived experiences and identities online. Language identity and identity online are often studied in broader social contexts such as education, culture, and politics, and running is intimately related to key issues in contemporary society such as health and exercise, sport, and nationalism, embracing a variety of discourse types and having implications more generally for our identity as human beings. The evolving online media through which people make sense of who they are and which groups they belong to are enabling new ways of realising identities and relationships. This book will be of interest to applied linguists, discourse analysts, as well as those interested in sports, sports psychology, and identity enactment.

**Literary Studies in Action** Alan Durant, Nigel Fabb, 2006-05-19 This is a textbook for the times which addresses itself brilliantly to the twin phenomena of expanding horizons and diminishing resources of English studies. David Lodge Humour in Self-Translation Margherita Dore, 2022-10-15 This book explores an important aspect of human existence: humor in self-translation, a virtually unexplored area of research in Humour Studies and Translation Studies. Of the select group of international scholars contributing to this volume, some examine literary texts from different perspectives: sociological, philosophical, or post-colonial, while others explore texts in more extraneous fields such as standup comedy or language learning. This book sheds light on how humor in self-translation induces thoughts on social issues, challenges stereotypes, contributes to recast individuals in novel forms of identity, and facilitates reflections on our own sense of humor. This accessible and engaging volume is of interest to advanced students of Humour Studies and Translation Studies.

The Museum. [entitled] The Museum and English journal of education Museum and English journal of education, 1864 Funny Translation Fails Talia Mercer, AI, 2025-03-31 Funny Translation Fails explores the often humorous, sometimes disastrous world of mistranslation, highlighting the pivotal role accurate language plays in our globalized society. The book demonstrates how translation errors can stem from simple vocabulary mishaps or deeper cultural misinterpretations, leading to unexpected consequences in various fields. For example, a mistranslated marketing slogan can damage a brand's image, while a diplomatic faux pas can strain international relations. The book adopts an engaging approach, progressing from fundamental translation concepts to real-world case studies drawn from advertising, diplomacy, and more. It examines different categories of translation fails, such as literal translations that yield humorous results and cultural misunderstandings that skew intended meanings. By providing insights from linguists and

cultural experts Funny Translation Fails offers both entertainment and practical guidance for anyone interested in language learning and global communication Ultimately this book emphasizes the importance of culturally sensitive communication It showcases how a keen understanding of language nuances can help avoid embarrassing blunders and facilitate smoother interactions in an increasingly interconnected world The book serves as both a cautionary tale and an entertaining guide demonstrating the power of accurate translation in shaping our global culture      **Unicorns** James Huneker,2020-08-01
