The man has dark hair and wears a black suit. They are standing in a stone archway, with bare tree branches visible in the background. The scene is set in a snowy or wintry environment.

The Spinster S Seduction:

If You Seduce a Straight Person, Can You Make Them Gay? John Dececco, PhD, John Patrick Elia, 2014-05-01 The debate on whether or not people are born homosexual biological essentialist theory or become homosexual during the course of their lives social constructionist theory continues as each side claims to prove the truth through research and clinical findings This breakthrough book shows the fissures in concepts of the gay and lesbian identity and the one sidedness of both biological essentialist and social constructionist versions of both sexual and gender identity The editors present an alternative view sexual and gender expression is a product of complementary biological personal and cultural influences in *If You Seduce a Straight Person Can You Make Them Gay* Through theoretical analysis ethnographic and empirical data and case studies the editors show how the one sidedness of both biological essentialist and social constructionist versions of sexual and gender identity make it difficult if not impossible to conceptually determine the origin of an individual s sexual expression This thought provoking book covers many topics that are sure to cause readers to re evaluate their thinking about the origins of gay and lesbian identity Among the topics examined with this fresh perspective are Childhood Cross Gender Behavior and Adult Homosexuality Gay and Lesbian Teachers and Coming Out Homosexuality Marriage Fidelity and the Gay Community Case of Gay Husbands Can Seduction Make Straight Men Gay Gay and Lesbian Identities in Non industrialized Societies Surinam Dutch New Guinea Turkey Nicaragua and Argentina Political Economic Construction of Gay Male Identities Readers will clearly see that the controversy over the being born gay or becoming gay debate is far from resolved From the beginning the book explores how human beings are less constrained by biology than many would like to believe Social circumstances and economics cause some determination of identity but not exclusively Theoretical introductions to each chapter attempt to synthesize elements on both sides of this most contemporary debate

Insufferable Spinsters Conrad Riker, 101-01-01 Men Unmask the Feminist Betrayal That Robbed Your Status and Shattered Society Are you sick of being shamed for acting masculine while women demand you show weakness? Do you watch society crumble as women reject motherhood to mimic men leaving families broken? Have you faced the trap where feminism calls masculinity toxic but punishes men who aren't strong? What This Book Delivers Reveal how feminism hijacked womanhood turning mothers into barren imitations of men. Expose the lie of gender equality with hard science: men lead, women nurture. Biology doesn't bend. Detail feminism's double bind: it attacks male strength but mocks vulnerability leaving men no escape. Show why rejecting male authority causes chaos: homes fail, children suffer, and culture decays. Prove that spinster women gain nothing: their path ends in loneliness and societal rot. Arm rational men with logic to counter feminist lies and reclaim their natural role. Highlight the crisis women who abandon motherhood create: a future without families. Restore truth: men built civilization without their leadership; it collapses. If you want to destroy feminist myths and restore order then buy this book today.

The Seductions of Emily Dickinson Robert McClure Smith,1996 What makes Emily Dickinson such a fascinating poet Although she left no personal poetics she did define her own response to poetry as an immediate sensual reaction If I read a book and it makes my whole body so cold no fire can ever warm me I know that is poetry If I feel physically as if the top of my head were taken off I know that is poetry L 342a Presumably her own poetry is most significant not in what it communicates to a reader but in what it does to a reader Is the continued popular success of that poetry not conclusive evidence of its capacity to elicit a similarly spontaneous visceral response from its readers And is Dickinson s critical reception not the visible proof of the perpetuation of a powerful and uncanny reading seduction Relocating Dickinson within her own culture reveals the genesis of her rhetoric of seduction But the consequences of the rhetorical seduction of antebellum readers still impact readers today Why do critical studies of the poet so often identify her as the classic analysand the female hysteric Because transference is frequently the engine of analysis misshaping the reader s relationship with the text by introducing a past scene of seduction into a present interpretive context Recent critical interpretations of Dickinson s poetry exhibit a distinct homology between the interpreters own prevailing fascinations and the apparent thematic concerns of the poetic text they analyze These interpretations suggest that to analyze this poet is to put oneself under analysis to attempt her seduction is to be oneself seduced BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

individual age narratives Bringing together the different perspectives of age and disability studies the book argues that illness is already an important issue in the Bildungsroman s narratives of ageing This theoretical stance provides new interpretations of canonical novels visiting authors such as Johann Wolfgang Goethe Frances Burney Maria Edgeworth Jane Austen Charles Dickens George Eliot Samuel Beckett and Jonathan Franzen Drawing on the link between age and illness in the Bildungsroman s age narratives the genre of dementia narrative is presented as one of the directions which the Bildungsroman takes after its classical period Applying these theoretical perspectives to canonical novels of the nineteenth century and to the new genre of dementia narrative the volume also provides new insights into literary and genre history This book introduces a new theoretical approach to cultural age studies and offers a comprehensive analysis of the connection between narratology literary theory gender and age studies *The Making of a Highlander* Elisa
