The Strength of the Strong Annotated Jack London, 2021-11-04 From The Strength of the Strong Their heads were matted with uncut hair long locks of which often strayed before their eyes beady and black and glittering like the eyes of birds They were narrow between the eyes and broad between the cheeks while their lower jaws were projecting and massive It was a night of clear starlight and below them stretching away remotely lay range on range of forest covered hills In the distance the heavens were red from the glow of a volcano At their backs yawned the black mouth of a cave out of which from time to time blew draughty gusts of wind Immediately in front of them blazed a fire At one side partly devoured lay the carcass of a bear with about it at a respectable distance several large dogs shaggy and wolflike Beside each man lay his bow and arrows and a huge club In the cave mouth a number of rude spears leaned against the rock Also included in this volume are South of the Slot The Unparalleled Invasion The Enemy of All the World The Dream of Debs The Sea Farmer and Samuel
