The Cambridge Companion to Hemingway Scott Donaldson, 1996-01-26 A comprehensive introduction to Hemingway and his works *Filthy Material* Chris Forster, 2019 Modernist literature is inextricable from the history of obscenity The trials of figures like James Joyce D H Lawrence and Radclyffe Hall loom large in accounts twentieth century literature *Filthy Material* Modernism and The Media of Obscenity reveals the ways that

debates about obscenity and literature were shaped by changes in the history of media. Judgments about obscenity which hinged on understanding how texts were circulated and read were often proxies for the changing place of literature in an age of new technological media. The emergence of film photography and new printing technologies shaped how literary value was understood, altering how obscenity was defined and which texts were considered obscene. *Filthy Material* rereads the history of obscenity in order to discover a history of technological media behind debates about moral corruption and sexual explicitness. The shift from the intense censorship of the early twentieth century to the effective end of obscenity for literature at the middle of the century, it argues, is not simply a product of cultural liberalization but of a changing media ecology. *Filthy Material* brings together media theory and archival research to offer a fresh account of modernist obscenity and novel readings of works of modernist literature. It sheds new light on figures at the center of modernism's obscenity trials, such as Joyce and Lawrence, demonstrates the relevance of the discourse of obscenity to understanding figures not typically associated with obscenity debates like T. S. Eliot and Wyndham Lewis, and introduces new figures to our account of modernism like Norah James and Jack Kahane. It reveals how modernist obscenity reflected a contest over the literary in the face of new media technologies.

Ford Madox Ford's Literary Contacts Paul Skinner, 2007. The controversial British writer Ford Madox Ford (1873–1939) is increasingly recognized as a major presence in early twentieth-century literature. This series of *International Ford Madox Ford Studies* was founded to reflect the recent resurgence of interest in him. Each volume is based upon a particular theme or issue and relates aspects of Ford's work, life, and contacts to broader concerns of his time. The present book is part of a large-scale reassessment of his roles in literary history. Ford is best known for his fiction, especially *The Good Soldier*, long considered a modernist masterpiece, and *Parade's End*, which Anthony Burgess described as the finest novel about the First World War, and Samuel Hynes has called the greatest war novel ever written by an Englishman. But he was a prolific writer in many different modes which include criticism of others' writing and reminiscences of the many writers he had known. One of the most striking features of his career is his close involvement with so many of the major international literary groupings of his time. In the South East of England, at the fin de siècle, he collaborated for a decade with Joseph Conrad and befriended Henry James and H. G. Wells. In Edwardian London, he founded the *English Review*, publishing these writers alongside his new discoveries Ezra Pound, D. H. Lawrence, and Wyndham Lewis. After the war, he moved to France, founding the transatlantic review in Paris, taking on Hemingway as a sub-editor, discovering another generation of Modernists such as Jean Rhys and Basil Bunting, and publishing them alongside Joyce and Gertrude Stein. He spent more time in America from the later 1920s, spending time with Southern Agrarians and poets such as William Carlos Williams, Charles Olson, and Robert Lowell. He was always a tireless promoter of younger writers, reading manuscripts and recommending them to publishers. This book takes Ford's literary contacts to include such creative friendships, editorial involvements, and influential biographical encounters, and they form the most substantial central section on Contemporaries.

and Confr res covering figures like Proust Carlos Williams Rebecca West Herbert Read and Hemingway But it also explores contacts with literary texts The first section on Predecessors considers the impact of Ford s reading of Trollope George Eliot and Turgenev The final section discusses Successors writers such as Graham Greene Burgess and A S Byatt whose literary contacts with Ford have been as his admiring readers and eloquent critics Ford has been described as a writer s writer This volume reveals how true that has been and in how many ways as it sheds new light on his relationships with other writers both familiar and surprising It includes two pieces published here for the first time one by Ford himself on Turgenev the other a memoir about Ford by his contemporary Marie Belloc Lowndes the sister of Hilaire Belloc

Ernest Hemingway James M. Hutchisson, 2017-03-08. To many, the life of Ernest Hemingway has taken on mythic proportions. From his romantic entanglements to his legendary bravado, the elements of Papa's persona have fascinated readers, turning Hemingway into such an outsized figure that it is almost impossible to imagine him as a real person. James Hutchisson's biography reclaims Hemingway from the sensationalism, revealing the life of a man who was often bookish and introverted, an outdoor enthusiast who revered the natural world and a generous spirit with an enviable work ethic. This is an examination of the writer through a new lens, one that more accurately captures Hemingway's virtues as well as his flaws. Hutchisson situates Hemingway's life and art in the defining contexts of the women he loved and lost, the places he held dear, and the specter of mental illness that haunted his family. This balanced portrait examines for the first time in full detail the legendary writer's complex medical history and his struggle against clinical depression. The first major biography of Hemingway in over twenty years, this monumental achievement provides readers with a fresh, comprehensive look at one of the most acclaimed authors of the twentieth century.

Werner Sollors Reader Werner Sollors, 2025-01-31. Born in Silesia, raised in the Frankfurt area, and educated in Berlin, Werner Sollors has spent most of his career at Harvard University in the United States and is regarded in Cornel West's words as one of the finest scholars that we have on race and cultural hybridity in both this country and the world. This *Reader* offers the first comprehensive overview of the work of a central figure in the field of ethnic studies. The pieces collected here range from Puritan New England to contemporary Germany, from Exodus to Mary Antin's *Promised Land*, from the Curse of Ham to Teju Cole. They attest to Sollors' deep historical sensibilities, his attention to textual detail, and his awareness of the costs and opportunities of both cosmopolitan ideals and particularist commitments, whilst addressing a central question: why does modernisation take the form of ethnicisation in many places around the globe? The collected essays

are complemented by a detailed introduction by Daniel G Williams which foregrounds some of the key emphases and tensions in Sollors writings Mavis Gallant Marta Dvorák, 2019-11-19 With a confidante's insights Marta Dvo k sets up an innovative connection between Mavis Gallant's dazzling writing and the whole spectrum of the arts She simultaneously engages with the feats of art making and the adventures of reading looking and listening Drawing on private correspondence and conversations with the Gallant she repositions as a late modernist Dvo k investigates the relationships between the Paris based master of the short story and visual and sound culture Through the filter of philosophical aesthetics she identifies the painterly cinematic and musical dynamics which light up Gallant's craft At the same time she opens a dialogue between Gallant and other international modernists and with those they were reading watching and listening to from the moving pictures which shaped Gallant's generation to the rhythm and dissonance of say Stravinsky and jazz which like the Cubist rupture with spatial perspective spearheaded modernity's aesthetics of breakage How does Gallant's work work Dvo k's hands on rhetorical analyses of Gallant's stories and lesser known recently reissued novels illuminate the superb stylist's language and vision via an emphasis on both image and rhythm Providing keys to Gallant's famous sleights of hand and tonal shifts the discussions reveal a fictional world as multidimensional as a Cubist picture or a symphony depending on whether we lean towards the eye or the ear AMERICAN LITERATURE: A STUDY IN TRANSLATION STRATEGIES DR.
