Bell,Cristina Mazzoni,2003-01-15 A biography of the first saint who lived in the 20th century this book is a portrait of a complex girl woman caught between the medieval and the modern and a potent reminder of spirituality in a supposedly secular age 26 halftones **The Book of Saints** St. Augustine's Abbey (Ramsgate, England),1947 **Between Heaven and Earth** Robert A. Orsi,2013-10-31 Between Heaven and Earth explores the relationships men women and children have formed with the Virgin Mary and the saints in twentieth century American Catholic history and reflects more broadly on how people live in the company of sacred figures and how these relationships shape the ties between people on earth In this boldly argued and beautifully written book Robert Orsi also considers how scholars of religion occupy the ground in between belief and analysis faith and scholarship Orsi infuses his analysis with an autobiographical voice steeped in his own Italian American Catholic background from the devotion of his uncle Sal who had cerebral palsy to a crippled saint Margaret of Castello to the bond of his Tuscan grandmother with Saint Gemma Galgani Religion exists not as a medium of making meanings Orsi maintains but as a network of relationships between heaven and earth involving people of all ages as well as the many sacred figures they hold dear Orsi argues that modern academic theorizing about religion has long sanctioned dubious distinctions between good or real religious expression on the one hand and bad or bogus religion on the other which marginalize these everyday relationships with sacred figures This book is a brilliant critical inquiry into the lives that people make for better or worse between heaven and earth and into the ways scholars of religion could better study of these worlds Whitaker's Cumulative Book List ,1940 **Millennial Missionaries** Katherine Dugan,2019 Millennials in the U S have been

characterized as uninterested in religion as defectors from religious institutions and as agnostic about the role of religious identity in their culture. Amid the rise of so-called nones, though, there has also been a countervailing trend: an increase in religious piety among some millennial Catholics. The Fellowship of Catholic University Students (FOCUS), which began evangelizing college students on American university campuses in 1998, hires recent college graduates to evangelize college students and promote an attractive and culturally savvy Catholicism. These millennial Catholics have personal relationships with Jesus, attend Mass daily, and know and defend papal teachings while also being immersed in U.S. popular culture. With their skinny jeans, devotional tattoos, and large-framed glasses, FOCUS missionaries embody a hip, attractive style of Catholicism. They promote a faith that interweaves distinctly Catholic identity with outreach methods of twentieth-century evangelical Protestants and the anxieties of middle-class emerging adulthood. Though this new generation of missionaries lives according to strict gender essentialism prescribed by papal teachings, including the notions that men lead while women follow and that biology dictates gender roles, they also support stay-at-home fatherhood and women earning MBAs. *Millennial Missionaries* examines how these young people navigate their Catholic and American identities in the twenty-first century. Illuminating the ways missionaries are reshaping American Catholic identity, Katherine Dugan explores the contemporary U.S. religious landscape from the perspective of millennials who proudly proclaim "I am Catholic" and devote years of their lives to convincing others to do the same.

Italian Literature Before 1900 in English Translation Robin Healey, 2011-01-01
Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008. It lists works from all genres and subjects and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors: Dante Alighieri, Niccolò Machiavelli, and Giovanni Boccaccio, and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.

They Flew Carlos M. N. Eire, 2023-08-29
An award-winning historian's examination of impossible events at the dawn of modernity and of their enduring significance. Accounts of seemingly impossible phenomena abounded in the early modern era: tales of levitation, bilocation, and witchcraft, even as skepticism, atheism, and empirical science were starting to supplant religious belief in the paranormal. In this book, Carlos Eire explores how a culture increasingly devoted to scientific thinking grappled with events deemed impossible by its leading intellectuals. Eire observes how levitating saints and flying witches were as essential a component of early modern life as the religious

turmoil of the age and as much a part of history as Newton's scientific discoveries. Relying on an array of firsthand accounts and focusing on exceptionally impossible cases involving levitation, bilocation, witchcraft, and demonic possession, Eire challenges established assumptions about the redrawing of boundaries between the natural and supernatural that marked the transition to modernity. Using as his case studies stories about St. Teresa of Avila, St. Joseph of Cupertino, the Venerable Mary Magdalen, and three disgraced nuns, Eire challenges readers to imagine a world animated by a different understanding of reality and of the supernatural's relationship with the natural world. The questions he explores, such as why and how impossibility is determined by cultural contexts and whether there is more to reality than meets the eye or can be observed by science, have resonance and lessons for our time.

Stalking the Holy Michael W. Higgins, 2006 In *Stalking the Holy*, writer and scholar Michael W. Higgins explores the Roman Catholic pursuit of saint-making, the pre-eminent Christian model he argues with its elaborate features and arcane cast of players such as the relator and the promotor of the faith. He points out that if saints are not actually made, so much as recognized by the Church, nevertheless this official recognition is a form of manufacture involving motivation, expertise, and risk.

Encountering Signs of Faith Allison Gingras, 2022-10-28 After a friend gave Allison Gingras a Miraculous Medal, she began to incorporate it and other sacramentals into her personal prayer time and family devotions. She soon discovered that these tangible signs, which Catholics believe prepare us to receive the grace of the sacraments, helped both her and her profoundly deaf daughter connect with God and the spiritual motherhood of Mary, who is intimately connected to so many of these practices. Blessings, prayers, devotions, and objects such as rosaries and scapulars are forms of sacramentals. In *Encountering Signs of Faith*, Gingras, founder of Reconciled to You ministries, shares the story of how these helped her discern the adoption of her daughter from China, strengthened her faith as she waited to meet her, helped her bond with the toddler, and taught her daughter about her faith. Gingras offers examples of saints who inspired and embraced sacramentals, including Juan Diego, Faustina, Bernadette, and Venerable Patrick Peyton. You will also learn about the spiritual benefits of incorporating sacramentals such as sacred images, novenas, prayer cards, lectio divina, sacred reading, and holy water into daily life. Reflection questions and grace-building activities are included with each chapter. Gingras will guide you and your family to experience these sacred signs in a new way and to connect you more meaningfully to Jesus, Mary, and the saints.

The Wisdom and Power of the Cross Richard Viladesau, 2020 This
