**The Science of Winning Love** Wallace Wattles, Kevin Michel, 2015-01-11 Wallace Wattles is one of the founders of the New Thought movement in the late 19th and early 20th centuries His work has inspired such classics as Napoleon Hill s Think and Grow Rich Ask and It Is Given by Abraham Hicks and The Secret by Rhonda Byrne In The Secret Rhonda Byrne mentions that a 100 year old book changed her life she is referring to the book by Wallace D Wattles called The Science of Getting Rich Known for his direct style of communicating Wallace D Wattles books give concrete advise that shows you how to achieve any desired objective Wattles most popular book series is The Science of series This is a creation

of the previously incomplete fourth book in that series which Wattles mentioned in *The Science of Being Great* We consider *The Science of Winning Love* to be the long lost book of Wallace D Wattles Channeled through the mind of New Thought author Kevin L Michel *The Science of Winning Love* achieves the voice of Wattles and implants in the mind of the reader a powerful idea that will guide them to winning the love of their dreams This book gives you the one key you need to win the person you most desire You deserve to live a life of unlimited abundance in love and in all things for it is only with abundance that the spirit of man can truly be tested It is only when the individual has right of access and entry to all things can it be revealed the nature of things that are aligned with the soul of that individual it is only when one has unrestricted power that the true nature of the individual emerges All this is to say that it is part of your very purpose to be able to win any love that you so desire It is part of your very trial on the earth plane to have access to all things and with such access your true nature is revealed You shall win the love you desire because it is part of your very reason for existing *The Science of Winning Love* is your guide

Quotes from *The Science of Winning Love* When you consistently create the feeling of heightened psychological arousal in your presence the object of your affection shall find themselves feeling drawn to you in a manner that is very instinctive subconscious and passionate By being something himself he causes her to be something in order to attract and win him And the effect rebounds and compounds for the more she makes of herself the more eager he becomes to win her They continually try to improve themselves to develop new powers new beauties new attractions They live the advancing life in their effort to win and hold each other's affection Love is a powerful mental drive and fundamentally it is a drive for you to realize your greatness and in so doing you also win your great beloved If you wish to win the love of some particular person make it your clear intention to win the love of that person Fix your mind upon winning the love of that person but do not try to act upon him or her in any way Act upon yourself Practice seduction on a regular basis To be your highest self is in part to be seductive because by improving yourself you become better at drawing others and all things desired to you Your highest self is by definition your most seductive self

Wattles Ultimate Collection - 10 Books in One Volume: The Science of Getting Rich, The Science of Being Well, The Science of Being Great, The Personal Power Course, A New Christ and more* Wallace D. Wattles, 2024-01-08

D. WATTLES, 2024-12-29 Whatever may be said in praise of poverty the fact remains that it is not possible to live a really complete or successful life unless one is rich No man can rise to his greatest possible height in talent or soul development unless he has plenty of money for to unfold the soul and to develop talent he must have many things to use and he cannot have these things unless he has money to buy them with Man develops in mind soul and body by making use of things and society is so organized that man must have money in order to become the possessor of things therefore the basis of all advancement for man must be the science of getting rich The object of all life is

development and everything that lives has an inalienable right to all the development it is capable of attaining Man's right to life means his right to have the free and unrestricted use of all the things which may be necessary to his fullest mental, spiritual and physical unfoldment or in other words his right to be rich. In this book I shall not speak of riches in a figurative way to be really rich does not mean to be satisfied or contented with a little. No man ought to be satisfied with a little if he is capable of using and enjoying more. The purpose of Nature is the advancement and unfoldment of life and every man should have all that can contribute to the power, elegance, beauty and richness of life to be content with less is sinful. *The Science of Wallace D.
