**The Déjà-vu and the Authentic** Jean-Jacques Chardin,2012-04-25 The correlated concepts of the déjà vu and the authentic suggest that all cultural productions are per se palimpsests whose construction is the result of such processes as reprise recycling and recuperating Reprise is approached as various forms of citation reference and intertextuality recycling is defined as commodification and intellectual impoverishment while recuperating implies the ideological process that makes reappropriation possible By covering a wide spectrum of research interests from literature to music art and the cinema the seventeen contributions in English or in French explore the political and ethical implications inherent in the creation of culture

The National Uncanny Renée L. Bergland,2015-05-01 Although spectral Indians appear with startling frequency in US literary works until now the implications of describing them as ghosts have not been thoroughly investigated In the first years of nationhood Philip Freneau and Sarah Wentworth Morton peopled their works with Indian phantoms as did Charles Brocken Brown Washington Irving Samuel Woodworth Lydia Maria Child James Fenimore Cooper William Apess Nathaniel Hawthorne and others who

followed During the late 19th and early 20th centuries Native American ghosts figured prominently in speeches attributed to Chief Seattle Black Elk and Kicking Bear Today Stephen King and Leslie Marmon Silko plot best selling novels around ghostly Indians and haunted Indian burial grounds Ren e L Bergland argues that representing Indians as ghosts internalizes them as ghostly figures within the white imagination Spectralization allows white Americans to construct a concept of American nationhood haunted by Native Americans in which Indians become sharers in an idealized national imagination However the problems of spectralization are clear since the discourse questions the very nationalism it constructs Indians who are transformed into ghosts cannot be buried or evaded and the specter of their forced disappearance haunts the American imagination Indian ghosts personify national guilt and horror as well as national pride and pleasure Bergland tells the story of a terrifying and triumphant American aesthetic that repeatedly transforms horror into glory national dishonor into national pride
