the play is under the influence of some kind of loss and the play explores these feelings and the sometimes painful route one must take to accommodate them and move on in life It s a moving and beautiful play that also manages to be tremendously funny and the introduction of Mozart as a character whose music charts the whole journey toward light and joy is a theatrical coup Where Cinderella has music at its core Beauty and the Beast has dance This is a play about overcoming fear and the subconscious world is represented through imagery and movement The play begins with a startling dream sequence and then segues into the drawing room world of a Jane Austen novel before moving to the wilds of Dartmoor Throughout this journey one is never sure if the play is in dreamtime or not and Way connects this feeling to the very act of theatre itself As ever the themes are explored through dramatic action and the result in Beauty and the Beast is a script of rare brevity that allows actors and directors room to explore the profound nature of the story
