The Spirit Catches You And You Fall Down:

The Spirit Catches You and You Fall Down Anne Fadiman, 1998-09-30 Winner of the National Book Critics Circle Award for Nonfiction *The Spirit Catches You and You Fall Down* explores the clash between a small county hospital in California and a refugee family from Laos over the care of Lia Lee a Hmong child diagnosed with severe epilepsy Lia's parents and her doctors both wanted what was best for Lia but the lack of understanding between them led to tragedy Winner of the National Book Critics Circle Award for Nonfiction the Los Angeles Times Book Prize for Current Interest and the Salon Book Award Anne Fadiman's compassionate account of this cultural impasse is literary journalism at its finest ____ Lia Lee 1982 2012 Lia Lee died on August 31 2012 She was thirty years old and had been in a vegetative state since the age of four Until the day of her death her family cared for her lovingly at home

Autonomy & Paternalism Thomas Nys, Yvonne Denier, Toon Vandevelde, 2007 In recent years the triumph of autonomy has made paternalist interventions increasingly problematic The value of a patient's right to self-determination and the practice of informed consent are considered supremely important in present-day health care ethics In general the idea of doctor knows best has become more and more suspicious This has left us with a situation in which paternalist medicine seems difficult to reconcile with respect for patient autonomy This book offers a thorough reflection on the relationship between autonomy and paternalism and argues that from both theoretical and practical angles the tension between these concepts is not as acute as it might seem In long-term care psychiatry and care for the severely handicapped the principle of respect for autonomy is particularly ill-suited This however does not mean that such respect is totally irrelevant but that it should take a different shape Good care in those cases requires us to transcend the sharp dichotomy between autonomy and paternalism In *Autonomy and Paternalism: Reflections on the Theory and Practice of Health Care* various acclaimed authors present their views on this interesting and extremely relevant debate
