**The Subjective God** Alan R. Jones, 2015-01-14 This book explores the implications of one of the the greatest surprises in the bible God is Holy The bible describes all kinds of holy things that are presented as opposed to unholy things Implements and people and clothing and actions and thoughts and places These things we are told are holy because they are set aside for a singular and specific purpose Master Shifu in the movie Kung Foo Panda rebukes Po for cooling his underarms in a pond Panda we do not wash our pits in the Pool of Sacred Tears We understand the concept of holiness well in our diverse cultures Holiness implies purpose To be holy is to have purpose greater than oneself So when God says in His own book that we are to be holy because I am holy Leviticus 11 45 NIV that ought to come as quite a shock God is holy surely it is other things that are holy toward God how can God be holy Invariably we are lead to this question if God is holy then what is He holy toward What is His Purpose How is it that the most objective person that has ever existed is subject to something so demeaning as a purpose The concept of God s Holiness takes us on a fascinating tour that begins in the deserts of the Middle East and culminates in the Revelation of The Christ The purpose of God is to fulfill the Word of God even if it means defaming the name of God The holiness of God resolves into the Worthiness of Christ The overriding implication of the holiness of God concludes as we discover the purpose of mankind tucked neatly and intentionally inside the purpose of his creator *Hegel on the Proofs and Personhood of God* Robert R. Williams, 2017 Hegel s analysis of his culture identifies nihilistic tendencies in modernity i e the death of God and end of philosophy Philosophy and religion have both become hollowed out to such an extent that traditional disputes between faith and reason become impossible because neither any longer possesses any content about which there could be any dispute this is nihilism Hegel responds to this situation with a renewal of the ontological argument Logic and ontotheology which takes the form of philosophical trinitarianism Hegel on the Proofs and Personhood of God examines Hegel s recasting of the theological proofs as the elevation of spirit to God and defense of their content against the criticisms of Kant and Jacobi It also considers the issue of divine personhood in the Logic and Philosophy of Religion This issue reflects Hegel s antiformalism that seeks to win back determinate content for truth Logic and the concept of God While the personhood of God was the issue that divided the Hegelian school into left wing and right wing factions both sides fail as interpretations The center Hegelian view is both virtually unknown and the most faithful to Hegel s project What ties the two parts of the book together Hegel s philosophical trinitarianism or identity as unity in and through difference Logic and his theological trinitarianism or incarnation trinity reconciliation and community Philosophy of Religion is Hegel s Logic of the Concept Hegel s metaphysical view of personhood is identified with the singularity Einzelheit of the concept This includes as its speculative nucleus the concept of the true infinite the unity in difference of infinite finite thought and being divine human unity incarnation and trinity God as spirit in his community On the Poet Objective and Subjective Robert Browning, 1881 *Exploring the Structure of Emptiness* Mathew Varghese, 2012-12-01 Nagarjuna is one

of the finest philosophers who ever lived This second century Buddhist philosopher from south India is known for his criticism on speculative theories and viewpoints But his name is better known for introducing the idea of emptiness sunyata a philosophical concept that had hugely influenced the discourses of Eastern philosophy religion and culture for about 2000 years Nagarjuna cleverly introduced emptiness sunyata into Buddhist discourses to explain its central philosophy the philosophy of Middle Path Through the negative mode of argumentation he taught how we naturally get trapped into extreme viewpoints and speculate on them His philosophy of Middle Path Madhyamika explains the progress of human reasoning moving in its natural course avoiding extreme viewpoints for finding harmony and freedom During the second century in a different milieu Nagarjuna warned his students about the dangers of speculative thought created out of extreme viewpoints and philosophical doctrines He taught them to look into the structures of such doctrines critically by using negation to know what the truth is Therefore the philosophical idea of emptiness sunyata is not the end of negation assuming perfect nihilism but teaching us that it would work like medicine for removing all our ignorance More precisely it is like zero sunya in mathematics a number with an undefined value but real numbers find newer values by associating with it It is a philosophical tool that helps us control our alleged fears anger petty hatred etc by invoking the natural course of human compassion karuna for us to live and die naturally Therefore the structure of emptiness is the philosophy of Middle Path

**The Philosophy of Hegel: Collected Works**

Georg Wilhelm Friedrich Hegel, 2022-05-18

Georg Wilhelm Friedrich Hegel's The Philosophy of Hegel Collected Works presents an extensive examination of his philosophical systems marked by a dialectical method that seeks to synthesize seemingly disparate concepts. Within this compilation, Hegel meticulously explores the realms of logic, metaphysics, ethics, and history, illustrating his belief in the progress of reality through contradiction and resolution. The literary style is characterized by dense and complex prose which reflects the intricate ideas Hegel grapples with, made richer by a context that engages with the German Idealism of the late 18th and early 19th centuries and reacts critically to Enlightenment thought. Hegel, one of the key figures in Western philosophy, wrote this collection during a time when Europe was undergoing profound political and social transformations. His reflections on history, culture, and consciousness are informed by the revolutionary spirit of his time as well as his engagement with contemporaneous thinkers like Kant and Fichte. Hegel's educational background in theology and his experiences in the turbulent socio-political milieu of post-Napoleonic Europe greatly shaped his philosophical inquiry. This collected work is essential for any student of philosophy, offering profound insights into the development of modern thought. Readers seeking to deepen their understanding of dialectics, the evolution of ideas, and the interconnectedness of historical events will find in Hegel's prose a challenging yet rewarding journey that prompted many subsequent philosophical debates.

*A Practical Discipleship Model That Fosters Spiritual Maturity* Owar Ojha Ojulu, 2023-11-09

Jesus challenges us to live in him and continue living out the truth so that we claim our allegiance to Christ and live as disciples free from fear and from cultural customs that contradict the gospel message. This project has found that the lack of discipleship training among the

Anyuwaa churches has resulted in a lack of understanding of what this ministry entails teaching and making disciples In addition failure to embed elements of the Anyuwaa culture into the discipleship approach and the persistence of certain elements of Anyuwaa life that run counter to gospel beliefs has inflamed this crisis Therefore this book presents a call for the church to challenge the culture of syncretism and the fear of witchdoctors to shift its paradigm and begin interpreting the gospel message utilizing contextual elements but interpreting them through the lens of the gospel calling people to embrace gospel values within their own cultural context When we start interpreting strong cultural beliefs and traditions through the truth of the gospel it is proof that we have come to the best discipleship approach as we speak the truth of the gospel in the life our church and the hearts of our believers

Knepper, 2023-11-09 The Irish philosopher William Desmond is one of the most compelling and adventurous Christian thinkers of our time The essays gathered here undertake a journey through the Bible with Desmond that ranges across biblical theology philosophy of religion metaphysics ethics aesthetics political theory and literary studies Some of the essays examine the place of the Bible in Desmond s thought considering his readings of the creation the Abraham cycle and the Beatitudes Other essays bring Desmond s ideas to bear on broad questions that emerge from the Bible about philosophy and revelation exegesis theopoetics eschatology and tyranny Still others bring Desmond into conversation with influential philosophers who engage or conspicuously do not engage the Bible such as Hegel Schopenhauer Kierkegaard Heidegger and Tillich Together these essays show the rich possibilities of approaching the Bible with Desmond All take their bearings from Desmond s metaxological approach which does not seek to claim the final word which attends to the text rather than simply imposing on it and which allows for an ongoing dialogue
