The Supersensual Life:

Dialogues on the Supersensual Life Jakob Böhme, 2022-07-20 In *Dialogues on the Supersensual Life* Jakob Böhme presents a profound exploration of spiritual existence beyond the material world. This work is characterized by its unique blend of mystical philosophy and practical spirituality, offering readers insights into the nature of divine reality and the inner workings of the soul. Crafted in a style that intermingles poetic language with metaphysical discourse, Böhme's dialogues unfold a nuanced understanding of the interplay between the seen and unseen realms, reflecting the rich intellectual atmosphere of the early 17th century, a time when Western mysticism was gaining prominence. Jakob Böhme, a German shoemaker and spiritual philosopher, penned this work amidst his own transformative spiritual experiences which deeply shaped his perception of reality. Influenced by Renaissance thought and the burgeoning Reformation, Böhme sought to bridge the gap between faith and reason, illuminating the journey of the soul towards divine unity. His self-taught wisdom, rooted in his personal revelations, lays the groundwork for the mystical traditions that followed in his wake. *Dialogues on the Supersensual Life* is an essential read for anyone seeking to deepen their understanding of mystical philosophy and the spiritual journey. Böhme's unique perspective invites readers to engage with profound existential questions, making this text a timeless treasure for seekers of truth and wisdom.

The Supersensual Life Jakob Böhme, **Dialogues on the supersensual life**, ed. by B. Holland Jakob Böhme, 1901 **The Supersensual Life** Jakob Böhme, 195? *The Supersensual Life, Or the Life which is Above Sense ; Being Two Dialogues Between a Scholar Or Disciple and His Master* Jakob Böhme, 1908 *Dialogues on the Supersensual Life* Jacob Boehme, 2016-04-19 Taken from the Preface: Man has a spark of the Light and Spirit of God as a supernatural gift of God given into the birth of his Soul to bring forth by degrees a new birth of that life which was lost in Paradise. This holy spark of the Divine Nature within him has a natural strong and almost infinite tendency or reaching after that eternal Light and Spirit of God from whence it came forth. It came forth from God, it came out of God, it partaketh of the Divine Nature, and therefore it is always in a state of tendency and return to God. All this is called the breathing, the moving, the quickening of the Holy Spirit within us, which are so many operations of this spark of life tending towards God. On the other hand, the Deity as considered in itself and without the Soul of man has an infinite unchangeable tendency of love and desire towards the Soul of man to unite and communicate its own riches and glories to it, just as the Spirit of the air without Man unites and communicates its riches and virtues to the Spirit of the air that is within Man. *Dialogues on the Supersensual Life (Classic Reprint)* Jakob Boehme, 2015-07-19 Excerpt from *Dialogues on the Supersensual Life*. The Works of Jacob Behmen, the Teutonic Theosopher translated into English, were first printed in England in the seventeenth century between 1644 and 1662. In the following century a complete edition in four large volumes was produced by some of the disciples of William Law. This edition, completed in the year 1781, was compiled in part from the older English edition and in part from later fragmentary translations by Law and others. It is not easily accessible to the general reader, and moreover the

greater part of Behmen s Works could not be recommended save to those who had the time and power to plunge into that deep sea in search of the many noble pearls which it contains Behmen s language and way of thought are remote and strange and in reading his thought one has often to pass it through a process of intellectual translation This is chiefly true of his earlier work the Aurora or Morning Redness About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
