**Persephone's Awakening: The Rich One (Book #1)** Delcesca Newby, 2019-07-29 All myths skew the truth From the age of five Hades was imprisoned and tortured at the hands of his father the Titan King Every night he'd dream of freedom and the chance to seek his revenge When Zeus saved him and their four siblings and declared war on the Titans Hades thought his father's days were numbered Ten years later Hades fears Cronus won't face the consequences for his vile nature The gods are struggling to maintain their early momentum Lately they lose more battles than they win Morale is low and many of their allies have abandoned them for the opposite side The Fates propose a way for the gods to topple the Titans once and for all and though apprehensive Hades embraces the opportunity His rash decision takes him to the Underworld to join forces with Kore the Daemon Queen Kore despises Cronus as much as the gods She wants nothing more than to watch him suffer and for the gods to reign in a new era For ten years she's offered her assistance and each time she's been turned away Finally Zeus pushes Kore too far and she vows to leave the gods to their inevitable demise Her conviction doesn't last long when Hades appears begging for her help Against her Council wishes and her own good sense Kore agrees to lead Hades through her home Tartarus to search for the

Hecatoncheires the gods only hope to destroy Cronus Their journey pushes them to their limits in both body and mind Along the way their hearts get tangled in the mix a more dangerous dilemma than defeating the Titans For if they survive to remain together they may have to battle both the Underworld and Upperworld

**Modernist Mysteries: Persephone** Tamara Levitz, 2012-08-15 Modernist Mysteries Pers phone is a landmark study that will move the field of musicology in important new directions The book presents a microhistorical analysis of the premiere of the melodrama Pers phone at the Paris Opera on April 30th 1934 engaging with the collaborative transnational nature of the production Author Tamara Levitz demonstrates how these collaborators Igor Stravinsky Andr Gide Jacques Copeau and Ida Rubinstein among others used the myth of Persephone to perform and articulate their most deeply held beliefs about four topics significant to modernism religion sexuality death and historical memory in art In investigating the aesthetic and political consequences of the artists diverging perspectives and the fall out of their titanic clash on the theater stage Levitz dismantles myths about neoclassicism as a musical style The result is a revisionary account of modernism in music in the 1930s As a result of its focus on the collaborative performance this book differs from traditional accounts of musical modernism and neoclassicism in several ways First and foremost it centers on the performance of modernism highlighting the theatrical performative and sensual Levitz places Christianity in the center of the discussion and questions the national distinctions common in modernist research by involving a transnational team of collaborators She further breaks new ground in shifting the focus from history to memory by emphasizing the commemorative nature of neoclassic listening rituals over the historicist stylization of its scores and contends that modernists captured on stage and in philosophical argument their simultaneous need and inability to mourn the past The book as a whole counters the common criticism that neoclassicism was a reactionary musical style by suggesting a more pluralistic ambivalent and sometimes even progressive politics and reconnects musical neoclassicism with a queer classicist tradition extending from Winckelmann through Walter Pater to Gide Modernist Mysteries concludes that 1930s modernists understood neoclassicism not as formalist compositional approaches but rather as a vitalist art haunted by ghosts of the past and promissory visions of the future

*The Uses of Darkness* Laurie Brands Gagné, 2000-08-31 Laurie Brands Gagn believes the image of God as stern Father or Judge has done much damage over the centuries and has engendered a sense of shame and guilt especially in women She sees our own civilization as one that is cut off from the natural world and from the precious part of ourselves that is earthy and sensual In *The Uses of Darkness* Women s Underworld Journeys Ancient and Modern Gagn explores women s journeys through the underworld to reclaim the wisdom and sensuality contained in these stories for heirs of the God the Father tradition She looks at the ancient stories of Inanna Demeter and Psyche and the reflections of these archetypal figures in the work of women such as Sylvia Plath Joan Didion Mary Gordon Virginia Woolf and Etty Hillesum to illustrate that the alternative tradition these journey stories represent has much to offer modern Christians Gagn successfully demonstrates that only by turning to confront the mystery that has been

obscured by the image of God as stern Father or Judge can a woman raised in the Christian tradition acquire a sense of self strong enough to integrate experiences of profound loss Most importantly by drawing on the wisdom of the goddess tradition both men and women are able to effect a more meaningful reappropriation of Christianity Gagn s examination of the dark experience of the underworld in the goddess tradition discovers the elements of all spiritual journeys self transcendence followed by self transformation Anyone who has struggled with love and loss and whose spirit has been suppressed by the image of God as Judge yet who will not reject Christianity will benefit from this work Sheep Don't Lead, Shepherds Do! Frings, 2012-12-06 There is little more than a decade left before the bells all over the world will be ringing in the first hour of the twenty first century which will surely be an era of highly advanced technology Looking back on the century that we live in one can realize that generations of people who have already

lived in it for the better parts of their lives have begun to ask the same question that also every individual person thinks about when he is faced with the first signs of the end of his life It is the question Why did everything in my life happen the way it did Or It would have been so easy to have channelled events into directions other than the way they went Or Why in all the world is my life coming to an end as it does or why must all of us face this kind of end of our century Whenever human beings take retrospective views of their lives and times when they are faced with their own personal fin du siecle there appears to be an increasing anxiety throughout the masses associated with a somber feeling of pessimism which may even be mixed with a slight degree of fatalism There is quite another feeling with those persons who were born late in this century and who did not share all the events the older generation experienced      *Wonder Woman* S.D.
