him love at first sight is possible he knows he can never accept his uncle's proposal. Now he has to figure out a way to tell Uncle Vits without getting excommunicated from the family or putting the Spawn in the crosshairs of a powerful crime organization. Now if only he could find the woman who stole his heart. Christina's story: Christina Marie Serafina decided a long time ago that her loving but paternalistic family wasn't going to determine the course of her life. She has no desire to get mixed up in any of the illegal businesses her family owns. She's earned a Masters in Business and Communications on her own dime and just landed her dream job as Director of Marketing for an up and coming business. Marriage and a family aren't in her game plan right now. When her grandfather announces that he's arranged a marriage for her with a good Italian man, Christina goes ballistic. She's marrying a man of her own choosing, not some member from another crime family. Urged by her sister to at least check the guy out, she goes to his family's bar to confirm her suspicions. Except she meets a handsome biker that knows exactly how to send her body into overdrive. Realizing the hunky man is the one her grandfather wants her to marry, she sends her into flight mode even though he haunts her dreams. Can Saks convince the woman of his dreams to look past his family connections and take a chance on a lowly motorcycle mechanic? And if he does, can he look past hers?

Now four years later the Entity murders have started again. As Brooks and his team are once again charged to stop the killer and unearth his reasoning for committing the most brutal serial slayings since the original Jack the Ripper style murders over a century before in Whitechapel, England, with the help of FBI profiler Stephanie Morgan, they will uncover a connection between the recent murders now to the original Ripper suspect so many years ago. A link that will connect modern forensics and the history of the world's most infamous first serial killer will all culminate together with the action and fury for a shocking ending in *The Reckoning of Jack the Ripper*. Combining both fiction and historical facts of the Jack the Ripper murders of 1888 England, author Mark Barresi has set out on his own personal quest to name the most likely suspect of the world's most elusive and first serial killer ever known.
