Costly Illusions Vesna Grudzinski Sutija,2013-05 Alexandra daughter of her Croatian town s favorite physicians is hardly an obedient child As a teenager she lingers in the streets lights forbidden cigarettes and falls in love But when she is seventeen Alexandra is forced to leave everything behind when her family decides to immigrate to America As the ship leaves the dock Alexandra helplessly watches her hometown disappear in the distance as her tears transform the boat into a vessel of despair Alexandra struggles to adjust to life in a new country nurturing her aspirations to become a journalist Despite the perplexities of dating in America Alexandra eventually meets an older businessman during her senior year in college Lonely insecure and vulnerable Alexandra marries Carlos and becomes pregnant almost immediately Unprepared for marriage motherhood and the repercussions of living with a controlling partner Alexandra seeks love and approval in the arms of her film teacher without any idea that what happens next will transform her identity as a woman a mother and a professional In this poignant tale a woman embarks on a journey of self discovery where she must resolve her past before she can achieve happiness in her future

The Educational System in the United States

National Institute on Student Achievement, Curriculum, and Assessment (U.S.),1999 This volume reports on the Case Study Project an initiative that evaluates the experiences of math and science teachers across the United States and includes levels of schooling and achievement levels The report focuses on typical public schools in the United States at three levels elementary junior high and senior high with the intent of creating a composite profile of typical schools The volume is divided into five chapters Rationale for the Study The Development and Implementation of Education Standards in the United States Individual Differences and the United States Education System The Role of School in United States Adolescents Lives and Teachers and the Teaching Profession in the United States Results show that the typical school had adopted curriculum standards or guidelines proposed by state departments of education rather than by a national body One exception to this was the influential set of national guidelines developed by the National Council of Teachers of Mathematics Despite the general interest in standards the choices made by parents teachers and students reflected many values of which the desire for independence was one of the strongest Students who were surveyed exhibited high optimism especially those students from middle class families RJM
