heritage The Middle East is a vast region made up of several ethnic peoples that have conquered and been conquered for thousands of years Where they ended up settling had an impact on the culture and even the cooking of that ethnic group This is what happened to the Assyrians For centuries the majority of Assyrians lived in either Iraq or Iran therefore over time indigenous recipes were modified to adjust to the availability of ingredients in those specific regions and new recipes were adopted from host countries as well The recipes in this cookbook reflect the Assyrian palette influenced by Iranian cuisine ingredients spices methods etc Assyrian cooking has also crossed over into European cultures and vice versa You may have noticed a play on the word palette in the title of this cookbook The proper spelling of the word when it refers to the mouth and taste is palate However because of the mixed culinary artistry of Assyrian cooking I chose to use the word which we use when referring to an artist s easel of colors palette In addition public awareness about the Assyrian people is not widespread and therefore to add an educational twist to this cookbook along with each recipe I ve added an interesting excerpt about Assyrians to give the reader a greater appreciation and understanding of the vast history and culture of the people behind these beloved recipes I hope this updated and expanded version of my originally published 1994 edition will allow you to enjoy creating these wonderful dishes while learning more about Assyrians and our ancient heritage **Chef's**
