Reconstruction Of Drawings The 32 Gun Frigate:

The 32-gun Frigate Essex Portia A. Takakjian, 2005 On the successful completion of the War of Independence the American navy was disbanded and it was not until the late 1790s that a regular naval force was reconstituted Provoked by the need to protect American merchant shipping from the belligerent European nations and the piratical Barbary powers Congress decided on a programme of frigate building which included the 32 gun frigate Essex Designed by William Hackett Essex was a typical medium frigate of her time Working from both US and British sources the author has reconstructed many previously undetermined details of the ship and in passing has rehabilitated the reputation of the designer as one who was responsible for one of the best balanced of that generation s frigates **USS Constitution, 44-gun frigate, 1797** Kerry Jang, 2025-08-30 The ShipCraft series provides in depth information about building and modifying model kits of famous warships In general these cover plastic and resin models of 20th century subjects but like the previous volumes on Nelson s Victory and Captain Bligh s Bounty this is a radical departure not only a period sailing ship but one for which kits are available in many different materials and scales This requires some changes to the standard approach but the main features of the series remain constant Now preserved in Boston harbour USS Constitution is the oldest commissioned warship still afloat One of the original building programme of 1794 for the newly established US Navy the ship would enjoy a stellar career beginning with the Quasi War with France and the campaigns against the Barbary states of north Africa However it was the War of 1812 that established the fame of the ship that became known as Old Ironsides following her victories over two British frigates and a number of smaller warships a potent symbol of national pride that kept the ship in commission until the 1880s In the course of this long service the ship s appearance was altered significantly and many of the features of the ship as commonly modelled are actually the product of later and not historically consistent reconstructions A major achievement of this volume is to detail these changes as accurately as evidence allows and to reconstruct the probable colour schemes carried at the most significant stages of her career The modelling section reviews the strengths and weaknesses of available kits lists commercial accessory sets for super detailing and provides hints on modifying and improving the basic kit including the complexities of rigging This is followed by an extensive photographic gallery of selected high quality models in a variety of scales and coverage concludes with a section on research references books monographs large scale plans and relevant websites Following the pattern of the series this book provides an unparalleled level of visual information paint schemes models line drawings and photographs and is simply the best reference for anyone setting out to model this famous frigate **Captains Contentious** Louis A. Norton, 2009 Norton surveys the lives and military accomplishments of five captains in the nascent Continental Navy investigating how their personality flaws both hindered their careers and enhanced their heroics in Revolutionary War combat from publisher description **Archaeology** , 1972 **Nautical Research Journal** , 2005 **The Old Steam Navy: Frigates, sloops, and gunboats, 1815-1885** Donald L. first of two volumes on the 19th century's sailing steamships and the policies that produced them the author has collated a range of documents photographs and ship plans This book provides an account of an era that saw the introduction of steam power and the first iron warships **Inland Seas** ,1992 **Oared Fighting Ships** Roger Charles Anderson,1962 **The Woodenboat** ,1986 *A Naval Encyclopædia* ,1880 **Marine News** ,1990 *John Paul Jones and the Bonhomme Richard* Jean Boudriot,1987 **A Naval Encyclopaedia: Comprising a Dictionary of Nautical Words and Phrases** ,1884 *The London Chronicle, Or, Universal Evening Post* ,1762 *Archaeology of the War of 1812* Michael T.
