Writing lesson plans is often considered busywork, but it can be a useful path for discovering what's important about artmaking and teaching. The user-friendly text offers guidance for selecting an art project for the unit and then zooms into the nitty-gritty of specific lesson plans, including how to identify materials for a project and how to construct classroom dialogue to help students develop ideas for their artwork. The text also considers standards, assessments, and extensions to other subject areas. Featuring accessible language, clear definitions, practical examples, and self-reflection prompts, this unique resource will help pre- and inservice teachers create lesson plans that are useful to their specific contexts and methods of teaching. If you happen to be feeling weary, frustrated, or uninspired, this book sparks imagination, fuels hope, and gives you theories to support what you know needs to be done. From the Foreword by P.
