Why New Orleans Matters Tom Piazza:

Why New Orleans Matters Tom Piazza, 2015-08-25 Tom Piazza's award winning portrait of a city in crisis with a new preface from the author ten years after Ten years ago in the aftermath of Hurricane Katrina and the disaster that followed promises were made forgotten and renewed What would become of New Orleans in the years ahead How would this city and its people recover and what meaning would its story have for America and the world In Why New Orleans Matters first published only months after the disaster award winning author and longtime New Orleans resident Tom Piazza illuminates the storied culture and still evolving future of this great and vital American metropolis Piazza evokes the sensuous textures of the city that gave us jazz music Creole cooking and a unique style of living he examines the city's undercurrents of corruption and racism and explains how its people endure and transcend them And perhaps most important he bears witness to the city's spirit its grace and beauty resilience and soul In the preface to this new edition Piazza considers how far the city has come in the decade since Katrina as well as the challenges it still faces and reminds us that people in threatened communities across America have much to learn from New Orleans disaster and astonishing recovery

Why New Orleans Matters Tom Piazza, 2009-10-13 Every place has its history But what is it about New Orleans that makes it more than just the sum of the events that have happened there What is it about the spirit of the people who live there that could produce a music a cuisine an architecture a total environment the mere mention of which can bring a smile to the face of someone who has never even set foot there What is the meaning of a place like that and what is lost if it is lost The winds of Hurricane Katrina and the national disaster that followed brought with them a moment of shared cultural awareness Thousands were killed and many more displaced promises were made forgotten and renewed the city of New Orleans was engulfed by floodwaters of biblical proportions all in a wrenching drama that captured international attention Yet the passing of that moment has left too many questions What will become of New Orleans in the months and years to come What of its people who fled the city on a rising tide of panic trading all they knew and loved for a dim hope of shelter and rest And ultimately what do those people and their city mean to America and the world In Why New Orleans Matters award winning author and New Orleans resident Tom Piazza illuminates the storied culture and uncertain future of this great and most neglected of American cities With wisdom and affection he explores the hidden contours of familiar traditions like Mardi Gras and Jazz Fest and evokes the sensory rapture of the city that gave us jazz music and Creole cooking He writes too of the city's deep undercurrents of corruption racism and injustice and of how its people endure and transcend those conditions And perhaps most important he asks us all to consider the spirit of this place and all the things it has shared with the world grace and beauty resilience and soul That spirit is in terrible jeopardy right now he writes If it dies something precious and profound will go out of the world forever Why New Orleans Matters is a gift from one of our most talented writers to the beloved and important city he calls home and to a nation to whom that city's survival has been entrusted

New Orleans Suite Lewis Watts, Eric Porter, 2013-02-07 With

New Orleans Suite Eric Porter and Lewis Watts join the post Katrina conversation about New Orleans and its changing cultural scene Using both visual evidence and the written word Watts and Porter pay homage to the city its region and its residents by mapping recent and often contradictory social and cultural transformations and seeking to counter inadequate and often pejorative accounts of the people and place that give New Orleans its soul Focusing for the most part on the city s African American community New Orleans Suite is a story about people how bad things have happened to them in the long and short run how they have persevered by drawing upon and transforming their cultural practices and what they can teach us about citizenship politics and society

The Working Landscape Peter F. Cannavo,2007-06-22 In America today we see rampant development unsustainable resource exploitation and commodification ruin both natural and built landscapes disconnecting us from our surroundings and threatening our fundamental sense of place Meanwhile preservationists often respond with a counterproductive stance that rejects virtually any change in the landscape In The Working Landscape Peter Cannav identifies this zero sum conflict between development and preservation as a major factor behind our contemporary crisis of place Cannav offers practical and theoretical alternatives to this deadlocked polarized politics of place by proposing an approach that embraces both change and stability and unifies democratic and ecological values creating a working landscape Place Cannav argues is not just an object but an essential human practice that involves the physical and conceptual organization of our surroundings into a coherent enduring landscape This practice must balance development which he calls founding and preservation Three case studies illustrate the polarizing development preservation conflict the debate over the logging of old growth forests in the Pacific Northwest the problem of urban sprawl and the redevelopment of the former site of the World Trade Center in New York City Cannav suggests that regional democratic governance is the best framework for integrating development and preservation and he presents specific policy recommendations that aim to create a working landscape in rural suburban and urban areas A postscript on the mass exile displacement and homelessness caused by Hurricane Katrina considers the implications of future climate change for the practice of place □□□□:□□□□□□□□,2006

Do Not Open Katheryn Krotzer Laborde,2014-01-10 When the floodwaters that swamped New Orleans finally receded in September 2005 the post Hurricane Katrina recovery began One of the most common sights was the discarded home refrigerator perched on the curb and ready for disposal For months thousands upon thousands of ruined refrigerators still awaited pick up Many had messages scribbled with markers or blurted with spray paint rendered by owners and passersby alike ranging from practical to sentimental the angry to the darkly humorous This book featuring hundreds of black and white photographs presents the communiques that transformed appliances into message boards and explores the post disaster environment that inspired their creation

Is This America? Ron Eyerman, 2015-09-01 From police on the street to the mayor of New Orleans and FEMA administrators government officials monumentally failed to protect the most vulnerable residents of New Orleans and the Gulf Coast during the Katrina disaster This violation of the social contract undermined the foundational narratives and myths of the American nation and spawned a profound often contentious public debate over the meaning of Katrina s devastation A wide range of voices and images attempted to clarify what happened name those responsible identify the victims and decide what should be done This debate took place in forums ranging from mass media and the political arena to the arts and popular culture as various narratives emerged and competed to tell the story of Katrina Is This America explores how Katrina has been constructed as a cultural trauma in print media the arts and popular culture and television coverage Using stories told by the New York Times New Orleans Times Picayune Time Newsweek NBC and CNN as well as the works of artists writers musicians filmmakers and graphic designers Ron Eyerman analyzes how these narratives publicly articulated collective pain and loss He demonstrates that by exposing a foundational racial cleavage in American society these expressions of cultural trauma turned individual experiences of suffering during Katrina into a national debate about the failure of the white

majority in the United States to care about the black minority What is a City? Philip E. Steinberg, Rob Shields, 2008 The devastation brought upon New Orleans by Hurricane Katrina and the subsequent levee system failure has forced urban theorists to revisit the fundamental question of urban geography and planning What is a city Is it a place of memory embedded in architecture a location in regional and global networks or an arena wherein communities form and reproduce themselves Planners architects policymakers and geographers from across the political spectrum have weighed in on how best to respond to the destruction wrought by Hurricane Katrina The thirteen contributors to What Is a City are a diverse group from the disciplines of anthropology architecture geography philosophy planning public policy studies and sociology as well as community organizing They believe that these conversations about the fate of New Orleans are animated by assumptions and beliefs about the function of cities in general They unpack post Katrina discourse examining what expert and public responses tell us about current attitudes not just toward New Orleans but toward cities As volume coeditor Phil Steinberg points out in his introduction Even before the floodwaters had subsided scholars and planners were beginning to reflect on Hurricane Katrina and its disastrous aftermath and they were beginning to ask bigger questions with implications for cities as a whole The experience of catastrophe forces us to reconsider not only the material but the abstract and virtual qualities of cities It requires us to revisit how we think about plan for and live in them **Literary Theory** Julie

Rivkin, Michael Ryan, 2017-02-06 The new edition of this bestselling literary theory anthology has been thoroughly updated to include influential texts from innovative new areas including disability studies eco criticism and ethics Covers all the major schools and methods that make up the dynamic field of literary theory from Formalism to Postcolonialism Expanded to include work from Stuart Hall Sara Ahmed and Lauren Berlant Pedagogically enhanced with detailed editorial introductions and a comprehensive glossary of terms **After Katrina** Anna Hartnell, 2017-01-25 Through the lens provided by the tenth anniversary of Hurricane Katrina After Katrina argues that the city of New Orleans emerges as a key site for exploring competing narratives of US decline and renewal at the beginning of the twenty first century Deploying an interdisciplinary approach to explore cultural representations of the post storm city Anna Hartnell suggests that New Orleans has been reimagined as a laboratory for a racialized neoliberalism and as such might be seen as a terminus of the American dream

This US disaster zone has unveiled a network of social and environmental crises that demonstrate that prospects of social mobility have dwindled as environmental degradation and coastal erosion emerge as major threats not just to the quality of life but to the possibility of life in coastal communities across America and the world And yet After Katrina also suggests that New Orleans culture offers a way of thinking about the United States in terms that transcend the binary of national renewal or declension The post Hurricane city thus emerges as a flashpoint for reflecting on the contemporary United States

James Lee Burke Laurence W. Mazzeno, 2017-12-18 James Lee Burke is an acclaimed writer of crime novels in which protagonists battle low life thugs who commit violent crimes and corporate executives who exploit the powerless He is best

known for his Dave Robicheaux series set in New Orleans and the surrounding bayou country With characters inspired by his own family Burke uses the mystery genre to explore the nature of evil and an individual's responsibility to friends family and society at large This companion to his works provides a commentary on all of the characters settings events and themes in his novels and short stories along with a critical discussion of his writing style technique and literary devices Glossaries describe the people and places and define unfamiliar terms Selected interviews provide background information on both the writer and his stories

The Future of the Suburban City Grady Gammage, 2016-04-05 This book looks at the promise of the suburban city as well as the challenges He argues that places that grew up based on the automobile and the single family home need to dramatically change and evolve But suburban cities have some advantages in an era of climate change and many suburban cities are already making strides in increasing their resilience Gammage focuses on the story of Phoenix which shows the power of collective action government action to confront the challenges of geography and respond through public policy He takes a fresh look at what it means to be sustainable and examines issues facing most suburban cities around water supply heat transportation housing density urban form jobs economics and politics

HBO's Treme and the Stories of the Storm Robin Andersen, 2017-11-20 This book analyses the HBO program Treme from multiple perspectives and argues that the series depictions of music culture cuisine and identity are innovative and represent unique televisual storytelling strategies The location themes and characters create a compelling story arc and highlight the city's culture and cuisine jazz musicians and musical performances and Mardi Gras Indians The program challenges initial reporting of Hurricane Katrina and in doing so rewrites the disaster myth coverage through which the city has been framed Recommended for scholars of communication media studies music studies and cultural studies

Overcoming Katrina D. Penner, K. Ferdinand, 2016-11-09 Overcoming Katrina tells the stories of 27 New Orleanians as they fought to survive Hurricane Katrina and its aftermath Their oral histories offer first hand experiences three days on a roof with Navy veteran Leonard Smith at the convention center with waitress Eleanor Thornton and with Willie Pitford an elevator man as he rescued 150 people in New Orleans East Overcoming approaches the question of why New Orleans matters from perspectives of the individuals who lived loved worked and celebrated life and death there prior to being scattered across the country by Hurricane Katrina This book's twenty seven narrators range from Mack Slan a conservative businessman who disparages the younger generation for not sharing his ability to make good rational decisions to Kalamu ya Salaam who was followed by the New Orleans Police Department for several years as a militant defender of Black Power in

the late 1960s and 70s These narratives are memorials to the corner stores the Baptist churches the community health clinics and those streets where the aunties stood on the corner and whose physical traces have now all been washed away They conclude with visions of a safer equitably rebuilt New Orleans Scroll down for more audio excerpts from Overcoming Katrina

Katrina on Stage Suzanne M. Trauth, Lisa S. Brenner, 2011-09-30 The plays collected in this volume give artistic expression to the devastation wrought by Hurricane Katrina especially at the level of individual lives forever altered Besides telling the kinds of stories that the news media could not these plays explore the deeply rooted problems plaguing New Orleans and illuminate many social political and environmental issues central to American life The factual basis of these plays serves a documentary purpose but as drama they personalize the events surrounding the storm depicting unimaginable anguish powerlessness and displacement as well as courage communal spirit and activism
