Why Should I Fear? Volume 2 Laurel E Franks Roberts, 2025-03-27 Volume 2 continues with Biblical stories that concern fear, dread, anxiety, and worry. In recent years we have been surrounded by many fears: the old fears of public speaking and failure, rejection, isolation, and loneliness; loss and poverty; persecution, war, tyranny, and oppression; injury, disease, and death. To these have been added the particularly modern fears of climate change and invasive technology. What is to prevent us from being swallowed up by such concerns in society and inside ourselves? Where is help to be found? *Why Should I Fear* demonstrates that we can face and conquer fears of all sorts by considering Biblical stories and acknowledging the diverse ways in which God helped people in the past. The author points out the potentially overwhelming experiences in which God delivered his people. In the face of what seem like intolerable events and crushing personal conditions, we can know just as surely as Biblical people knew that God is trustworthy to work in our lives. He is the same God now as then. Historical and geographical contextual information helps connect ancient narratives to present times, making the reflections relevant to twenty-first century readers. Readers are encouraged to consider the credibility of Biblical history and to understand that the events and people represented in the Bible existed in real time and in real places. Consequently, readers can trust that the God of the Bible is real and continues to work in our world. If you are plagued by fear, if world news frightens or depresses you, then *Why Should I Fear* promises to speak courage or comfort into your life. And while each reflection might not speak to your individual fear, the author trusts that through the stories of difficulty and challenge, the sovereignty of God will shine and speak directly to any reader's heart.

Why Should I Believe? Why Should You Believe? Terry Read, 2014-10-10 This is one man's journey to discover the truth about the Bible. Terry Read grew up in a Christian household and went to church. But Terry did not live in a bubble. Terry watched documentaries, read magazines, read encyclopedias, and went to public school. Terry knew that what he was learning about science from all of these other sources did not mesh with the Bible. Terry tried to make the two world views fit together somehow. But Terry discovered another option that he had never been taught: that a person could believe the Bible as it reads. The Bible does not contradict good science. Terry studied this. He learned that the biblical world view is actually the only world view that is consistent with even doing science. Terry's discovery was such great news to him that he wanted to share it. He knew that other people would be happy to hear this message. He knew that whether or not they admitted it, other people were doing mental gymnastics as he had done to make the Bible fit the science. Terry could see the devastation brought on society because people do not believe the Bible. But when Terry tried to share his

discovery he became frustrated The reason Terry had so much consternation was the unexpected source of the frustration church leadership Church leadership was actually afraid to share this message that people really can believe the Bible This book documents Terry's struggles and tells what you can do
