Marriage, It'S Not Physical ...It'S ... S P I R I T U a L!!! ... (Holy) Evangelist Alicia F. Rooks,2015-02-05 I was inspired to write the book titled Marriage Its Not PhysicalIts Spiritual Holy about 12 years ago After experiencing two unsuccessful marriages and still having the desire to marry again one day when the Lord allow me to connect with the right person for real this time then I will be relieved I pray that this time I will take my own advice do my homework and realize that it is not a physical thing it is Spiritual I am no marriage counselor and definitely do not claim to have all of the answers however experience isI would say a great teacher You see some people they never learn I pray that this time I could reminisce on what I have gone through realizing that it was not just for me but on purpose and for others You see when God has a plan and has a willing vessel that will answer the call then He will allow His will work to be done through whomever is willing The key word is willing because a lot of people are not willing Instead of complaining I have learned to say ok Lord what lesson do You want me to learn from this Who would you like me to minister to through my experience of going about marriage that You have designed the wrong way As others read this book I know that it would be a life changing awakening I believe that hearts marriages relationships would be mended and healed I know that this is not just another book to pick up and read at your own leisure but if I must say so myself it is a book that once you pick it up you will not want to put it down until it has ministered to you completely

Woman's Words ,1878 *When a Woman Loves a Man* James Ford Jr.,2011-03-01 When a woman loves a man it s like all the cliches you have ever heard She stands by her man He has sunshine on a cloudy day She makes him feel like a natural man When a woman loves a man you are looking at how Christ loves She puts his needs before her own She focuses on what he needs and how he needs it When a woman loves a man she is his biggest cheerleader and encourager She will go to great lengths to protect him and promote him Although Jezebel was definitely an ungodly woman she showed her love for Ahab even though that love contributed to her death When a woman loves a man she stands by him against all odds in front of him against all foes and behind him to protect his back The Bible states that God took part of the man s rib and made the woman This is significant for many reasons one of which teaches us that the woman s love would be expressed in her protection of her husband emotionally The ribcage protects the vital organs like the heart and the lungs Yes God has made man the physical protector of the woman but He s equaled the playing field by making the woman the emotional protector of the man It has been said that man is the head but it is the woman that turns the head In Titus chapter 2 the older women are to teach the younger women how to love their husbands When a Woman Loves a Man will explore and explain the characteristics that a woman demonstrates that expresses her love to her man in the way that God intended **Hockey Wife: An Accidentally**

Brand,1883 **Professionalism in journalism in the era of new media** Jacek Sobczak,Jedrzej Skrzypczak,2015-12-31 The term professionalization arouses controversies in academic discussion let alone the issue of professionalization of journalism Journalism considerably departs from the ideal model of professionalization There is no structured knowledge that

directly applies to journalists although we can talk about defined skills and the practical principles of the journalists profession Considering the process of the professionalization of journalism we can indicate three significant determinants namely professional autonomy separate professional standards self regulation principles and serving the public interest However it is particularly important to ask about the condition of the journalists profession nowadays The ongoing technological revolution on the one hand and the political and legal transformations accompanied by market trends such as the tabloidization of the media so called infotainment first and foremost and citizen journalism on the other have all generated great doubts about the status of journalists This calls for a redefinition of the professional position and role of journalists in modern societies All these transformations may pose a serious threat to the model of traditional journalism and the social and professional position of journalists The book introduced here consists of four parts presenting various aspects of professionalization of journalism The first part treats of diverse topics concerning the essence of this issue as well as the legal status of journalists profession The second part features texts devoted to the issues of digital media Part three deals with the disturbing phenomenon of hate speech The main theme of the last part of the book concerns the issue of lobbying in the process of establishing intellectual property rights The texts presented here have been written by scholars in the fields of law media studies and political science on the one hand and practitioners journalists from several countries of Europe on the other The editors hope that the publication will contribute to the ongoing discussion concerning both the journalists and journalism status in the era of dynamic technological transformation
