

Wild Geese

Mary Oliver

You do not have to be good.

You do not have to walk on your knees for a hundred miles
through the desert repenting.

You only have to let the soft animal of your body love what
it loves.

Tell me about despair, yours, and I will tell you mine.

Meanwhile the world goes on.

Meanwhile the sun and the clear pebbles of the rain are
moving across the landscapes, over the prairies and the
deep trees, the mountains and the rivers.

Meanwhile the wild geese, high in the clean blue air, are
heading home again.

Whoever you are, no matter how lonely, the world offers
itself to your imagination, calls to you like the wild geese,
harsh and exciting - over and over announcing your place in
the family of things.

Borderland Richard Quinney, 2001. To be a midwesterner is for Quinney to belong to a place, to a time, to a community, all of which he evokes in this physical, mental, and spiritual geography. In photographs handed down over the years and in those he has taken over a half century, in reflections and anecdotes, forays into history and judicious quotations and observations from figures as varied as T. S. Eliot, Roland Barthes, and Bob Dylan, Quinney recreates the landscape of his life. Here he conjures the reality of his Midwest, the land where his great grandparents fleeing famine in Ireland settled to farm, and where in days past the Potawatomi hunted and fished, the land where now in later age Quinney's explorations intensify as he looks for and finds a lifetime burning in every moment. Equal parts memoir, geography, photo journal, and natural history, Borderland is an exploration of what it means to be at home in a particular landscape.

BOOK JACKET Walking in the Land of Many Gods A. James Wohlpart, 2013. How are we placed on Earth? What is our relationship to the world around us, and how does our thinking affect the way we relate to the world? We are entrapped, says A. James Wohlpart, by what Martin Heidegger calls enframing, a worldview that considers all objects as mere resources for our use. Walking in the Land of Many Gods envisions a new way of thinking about the world, one grounded in a moral imagination reconnected to Earth. Insightful readings of three contemporary classics of nature writing, Janisse Ray's Ecology of a Cracker Childhood, Terry Tempest Williams's Refuge: An Unnatural History of Family and Place, and Linda Hogan's Dwellings: A Spiritual History of the Living World, are at the heart of Wohlpart's endeavor. Powerful and affecting works like these reveal a pathway to a deeper remembering, one that reconnects us with the primal forces of creation and acknowledges the sacredness of the world. We have forgotten that the world around us is rich and fertile and generative, says Wohlpart. His exploration of these literary works, based on deep anthropology and Native American philosophy, opens a pathway into a new way of thinking, called sacred reason. Founded on interdependence and interrelationship, and on care and compassion, sacred reason reminds us that divinity exists around us at all times. We are invited to walk once again in a land filled with many gods.
