Willard Sterne Randall :

AMERICAN LIVES VOL 1 and AMER LIVES VOL 2 PKG Willard Sterne Randall, Nancy Nahra, 1998-06-11 **George Washington** Willard Sterne Randall, 2006-01-28 Willard Sterne Randall whose biography of Thomas Jefferson was hailed as outstanding by The Wall Street Journal and whose Benedict Arnold Patriot and Traitor was praised as riveting by The New York Times turns his attention to the founding father of our country George Washington Randall tells the fascinating tale of a man who turned an impoverished childhood into a life of creative rebellion He follows Washington's rise to greatness as he turns from managing plantations to becoming a professional soldier and eventually joining in the fight against taxation without representation which would spark the American Revolution *Alexander Hamilton* Willard Sterne Randall, 2010-06-18 Hamilton's turbulent life the dramatic birth of a nation propelled with the page turning intensity of an epic novel Ronald Blumer Peabody Award winning writer A new reissue of this important biography of Alexander Hamilton arguably one of the most brilliant and complex of our nation's founders From his less than auspicious start in 1755 on the Caribbean island of Nevis to his unhappy fate in 1804 in Weehawken New Jersey at the hands of his enemy Aaron Burr Alexander Hamilton's short life left a huge legacy Orphaned at eleven and apprenticed to a counting house Hamilton learned the principles of business that helped him as the first Secretary of the Treasury create the American banking system and invent the modern corporation He served in the American Revolution primarily as aide de camp to General Washington and subsequently developed a successful legal career co wrote The Federalist Papers and built a life in politics Told in a highly readable style Alexander Hamilton presents Hamilton's contributions to America and what they mean today Assiduously researched and appealingly written an informative and insightful portrait of a highly complex personality Houston Chronicle Engaging vivid Publishers Weekly Randall excels in describing the conflicts Hamilton created and weathered as a soldier politician and lawyer St Louis Post Dispatch This is biographical excellence solid first rate work William H Hallahan author of The Day the American Revolution Began A fresh look at the many faceted career of one of the Founding Fathers BookPage This richly detailed deeply sympathetic biography gives us a Hamilton we're compelled to know hungry human brilliant and magnificent Virginia Scharff author of Twenty Thousand Roads *The Founders' Fortunes* Willard Sterne Randall, 2025-01-14 An illuminating financial history of the Founding Fathers revealing how their personal finances shaped the Constitution and the new nation In 1776 upon the signing of the Declaration of Independence the Founding Fathers concluded America's most consequential document with a curious note pledging our lives our fortunes and our sacred honor Lives and honor did indeed hang in the balance yet just what were their fortunes How much did the Founders stand to gain or lose through independence And what lingering consequences did their respective financial stakes have on liberty justice and the fate of the fledgling United States of America In this landmark account historian Willard Sterne Randall investigates the private financial affairs of the Founders illuminating like never before how and why the Revolution came about The Founders

Fortunes uncovers how these leaders waged war crafted a constitution and forged a new nation influenced in part by their own financial interests In an era where these very issues have become daily national questions the result is a remarkable and insightful new understanding of our nation s bedrock values **Building Six** Willard Sterne Randall, Steven D.

Soloman, 1977-06 **Atlas of Slavery and Civil Rights** Nicholas J Santoro, 2006 Slavery came to North America via Virginia in the early 1600s It would be two hundred and sixty five years before the practice would finally come to an end It would take another one hundred years before the basic civil rights of those former slaves and their descendants were fully established in law During that time and thereafter it would be a matter of attitude and acceptance by the white race Of the years there were a number of pivotal events that shaped the issues and the responses to slavery and civil rights The Atlas presents a number of these events in an attempt to tell part of the history of the march for equality in America It also includes brief biographical sketches of the lives of many of the leading figures that led the fight This work deals with black Americans or blacks a term that has become synonymous with the Negro race itself their struggle out of slavery and their quest for acceptance and equal rights under the law The effects of slavery were all pervasive Without an understanding of and an appreciation for slavery segregation and the struggle for equal rights it is difficult if not impossible to understand the America of our history and to reach beyond where we are today to arrive at where we need to be Ethan Allen: His Life and Times Willard Sterne Randall, 2011-08-22 The long awaited biography of the frontier Founding Father whose heroic actions and neglected writings inspired an entire generation from Paine to Madison On May 10 1775 in the storm tossed hours after midnight Ethan Allen the Revolutionary firebrand was poised for attack With only two boatloads of his scraggly band of Vermont volunteers having made it across the wind whipped waters of Lake Champlain he was waiting for the rest of his Green Mountain boys to arrive But with the protective darkness quickly fading Allen determined that he hold off no longer While Ethan Allen a canonical hero of the American Revolution has always been defined by his daring predawn attack on the British controlled Fort Ticonderoga Willard Sterne Randall the author of Benedict Arnold now challenges our conventional understanding of this largely unexamined Founding Father Widening the scope of his inquiry beyond the Revolutionary War Randall traces Allen s beginning back to his modest origins in Connecticut where he was born in 1738 Largely self educated emerging from a relatively impoverished background Allen demonstrated his deeply rebellious nature early on through his attraction to Deism his dramatic defense of smallpox vaccinations and his early support of separation of church and state Chronicling Allen s upward struggle from precocious if not unruly adolescent to commander of the largest American paramilitary force on the eve of the Revolution Randall unlocks a trove of new source material particularly evident in his gripping portrait of Allen as a British prisoner of war While the biography reacquaints readers with the familiar details of Allen s life his capture during the aborted American invasion of Canada his philosophical works that influenced Thomas Paine his seminal role in gaining Vermont statehood his stirring funeral in 1789 Randall documents that so much of what we

know of Allen is mere myth historical folklore that people have handed down as if Allen were Paul Bunyan As Randall reveals Ethan Allen a so called Robin Hood in the eyes of his dispossessed Green Mountain settlers aggrandized and unabashedly so the holdings of his own family a fact that is glossed over in previous accounts embellishing his own best selling prisoner of war narrative as well He emerges not only as a public spirited leader but as a self interested individual often no less rapacious than his archenemies the New York land barons of the Hudson and Mohawk Valleys As John E Ferling comments Randall has stripped away the myths to provide as accurate an account of Allen s life as will ever be written The keen insights that he produces shed new light not only on this most enigmatic of Founding Fathers but on today s descendants of the Green Mountain Boys whose own political disenfranchisement resonates now more than ever *International Who's Who in Poetry 2004* Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets

John Jay and Alexander Hamilton on Black Enslavement Arthur Scherr,2025-01-10 In this groundbreaking study Arthur Scherr examines the positions on slavery held by two of the most famous New Yorkers of the early American Republic John Jay and Alexander Hamilton Using Hamilton s 1779 proposal to free Southern slaves on the condition that they fight in the Continental Army as a starting point Scherr assesses the pair s positions on enslavement Utilizing often untouched resources Scherr offers a re evaluation of Hamilton and Jay s modern status as antislavery icons **Benjamin Franklin** Christopher J. Murrey,2002 Benjamin Franklin is generally considered one of America s most versatile and talented statesmen scientists and philosophers His achievements include publisher of Poor Richard s Almanac and many articles on political economic religious philosophical and scientific subjects He was the inventor of bifocals the Franklin stove lightening rod he was one of the signers of the Declaration of Independence and the founder of what is now the University of Pennsylvania This book presents a detailed and riveting review of Franklin s life based on excerpts from the renowned 1899 book on Franklin by Sydney George Fisher This overview is augmented by a substantial selective bibliography which features access through title subject and author indexes **A Little Revenge** Willard Sterne Randall,1991 Few know that Benjamin Franklin had a

bastard son named William a brilliant young man who first served Benjamin as military adviser legal counsel and pamphleteer eventually rising to Royal Governor of New Jersey only to become his father s implacable enemy **Almost A Miracle** John Ferling,2007-06-04 In this gripping chronicle of America s struggle for independence award winning historian John Ferling transports readers to the grim realities of that war capturing an eight year conflict filled with heroism suffering cowardice betrayal and fierce dedication As Ferling demonstrates it was a war that America came much closer to losing than is now usually remembered General George Washington put it best when he said that the American victory was little short of a standing miracle Almost a Miracle offers an illuminating portrait of America s triumph offering vivid descriptions of all the major engagements from the first shots fired on Lexington Green to the surrender of General Cornwallis at Yorktown revealing how these battles often hinged on intangibles such as leadership under fire heroism good fortune blunders tenacity

and surprise Ferling paints sharp eyed portraits of the key figures in the war including General Washington and other American officers and civilian leaders Some do not always measure up to their iconic reputations including Washington himself The book also examines the many faceless men who soldiered often for years on end braving untold dangers and enduring abounding miseries The author explains why they served and sacrificed and sees them as the forgotten heroes who won American independence

Benedict Arnold & Ethan Allen Charles River Editors, 2025-05-01 The story of Ethan Allen and his Green Mountain Boys is one of those delightful tales that American schoolchildren hear about in school but it is also one that is much more interesting to read about in older age Unlike revered Founding Fathers such as George Washington and Thomas Jefferson who came from Virginian plantations Allen was a rough and tumble frontiersman more likely to fight than talk And yet he was in no way a dullard but instead as well read as many of his contemporaries and more so than the average man of his day His family story reads almost like a cheap novel from his heretic father to his hotheaded brothers and his shrewish first wife By the time he was 30 years old Allen had run up a significant list of skirmishes with law something most of his fellow Revolutionary War heroes managed to avoid Unlike Washington who received his military training as a soldier in the famous British Army Allen learned to fight in the backwoods of what is now Vermont struggling alongside others for independence years before Jefferson wrote the Declaration of Independence When the American Revolutionary War broke out in earnest Green did not go to state leaders to ask for a commission to fight instead Connecticut officials came to him and it led to his involvement in the capture of Fort Ticonderoga a successful but controversial operation that found Allen having to work with none other than Benedict Arnold over who would lead the attack on the British fort While that success suggested an instinct for battle Allen would suffer setbacks and eventually he was captured and held prisoner by the British for nearly two years Fortunately the two years he spent as a captive with the British were not wasted for when he returned home he joined the people of the newly formed Republic of Vermont and worked towards making it an independent state Though it took years of work both honorable and underhanded he ultimately succeeded and remains held in the highest esteem by many in the state of Vermont to this day On October 7 1777 Benedict Arnold rode out against orders and led an American assault against British forces led by General John Burgoyne in one of the climactic battles and ultimate turning point of the war at Saratoga Near the end of the most important American victory of the Revolution Arnold's leg was shattered by a volley that also hit his horse which fell on the leg as well Arnold would later remark that he wish the shot had hit him in the chest If it had he would be remembered as one of America's greatest war heroes and probably second only to George Washington among the generals of the Revolution In fact when Arnold was injured at the height of his success in October 1777 he had been the most successful leader of American forces during the war to date Arnold had been instrumental in the seizure of Fort Ticonderoga in 1775 he constructed the first makeshift American navy to defend Lake Champlain and delay British campaigning in 1776 and he was the principal leader at Saratoga in 1777 Even his unsuccessful

campaign to Quebec in the winter of 1775 is remembered primarily for the amazing logistical feats undertaken by Arnold and his men to even reach the target History has accorded Arnold his fair share of credit for the fighting he participated in from 1775 1777 The problem is his contemporaries did not Arnold was better on the field than any other American general in those years but his mercurial personality rubbed some the wrong way and other self promoting generals from Ethan Allen to Horatio Gates credited themselves with success at Arnold s expense Meanwhile the Second Continental Congress frequently if inadvertently slighted Arnold failing to duly promote him in a timely fashion and failing to pay him four years of back pay even as he spent his own private fortune training equipping and feeding his army and navy **Rebels, Reformers, and**

Revolutionaries Douglas R. Egerton,2013-09-13 This collection of essays examines the lives and thoughts of three interrelated Southern groups enslaved rebels conservative white reformers and white revolutionaries presenting a clear and cogent understanding of race reform and conservatism in early American history **Benedict Arnold** Barry Wilson,2001

General soldier businessman traitor these are all words associated with the name Benedict Arnold One of America s greatest soldiers and most reviled traitors he was also a significant and intriguing player in Canada s history In Benedict Arnold Bar

Alexander Hamilton Russell Roberts,2020-02-11 Alexander Hamilton is one of the most important of America s Founding Fathers yet he and his contributions are often overlooked Hard driving cocky and irritating at times he was also brilliant prophetic and generous He lived a remarkable life from his stint as George Washington s key aide during the American Revolution to his role as the first Treasury Secretary of the United States It was also a life cut tragically short in a duel with Aaron Burr that has created more questions than answers Amazing frustrating fascinating and controversial all at the same time that was Alexander Hamilton **The Late Years of Benedict Arnold** Jane Merrill,John Endicott,2022-06-06 The life of

Benedict Arnold the American Revolutionary War general who attempted to surrender West Point to the British in 1780 didn t end after he betrayed his American compatriots In the newly formed United States he was condemned as a conspirator and in Britain he was suspected of the same He quickly left America spent a short time in London and largely operated in Canada and the Caribbean as a smuggler a mercenary and a pariah Although much has been written about Arnold s famous fall from grace this book is the story of a charismatic man of vaulting ambition With new research and photographs it delves into his last twenty years Arnold remains fascinating as a toppled hero and a flagrant traitor Another American general wrote in the 1780s that Arnold never does anything by halves indeed he lived on a big scale This study documents each of the various points of the globe where the restless Arnold operated and lived pursuing wealth status and redemption The Civil War

Terry Jansen,2008-12-22 This is the story of how slavery caused the Civil War from the slave statutes enacted in Jamestown Virginia to the slaveholding founding fathers to its inclusion in the documents of democracy **Thomas Jefferson** Willard

Sterne Randall,1993-08-15 Marking the 250th anniversary of Thomas Jefferson s birth a new biography presents Jefferson as a man thoroughly influenced by the philosophical movements of his time **So Help Me God** Forrest Church,2008-09-08

The author of *The American Creed* tells the story of our nation's historical encounters with God and culture Peter J Gomes
New York Times bestselling author Today's dispute over the line between church and state or the lack thereof is neither the
first nor the fiercest in our history In a revelatory look at our nation's birth Forrest Church recreates our first great culture
war a tumultuous nearly forgotten conflict that raged from George Washington's presidency to James Monroe's Religion was
the most divisive issue in the nation's early presidential elections Battles raged over numerous issues while the bible and the
Declaration of Independence competed for American affections The religious political wars reached a vicious peak during the
War of 1812 the American victory drove New England's Christian right to withdraw from electoral politics thereby shaping
our modern sense of church state separation No longer entangled both church and state flourished Forrest Church has
written a rich page turning history a new vision of our earliest presidents beliefs that stands as a reminder and a warning for
America today An illuminating study of the great tangle of our time If we look back to our early years we may well find a way
forward Jon Meacham 1 New York Times bestselling author of *His Truth is Marching On* In this beautifully crafted and timely
work the aptly named Church takes us through the complex thoughts and actions of the nation's founders in a way that will
give pause to most readers This is an important work that delights and informs Publishers Weekly starred review

Willard Sterne Randall : Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. Willard Sterne Randall : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Willard Sterne Randall : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Willard Sterne Randall : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
