William Sears Discipline :

The Discipline Book William Sears, Martha Sears, 1995 A guide by two pediatricians who have raised eight children together discusses self esteem spanking divorce single parenting travel and baby sitting and offers advice on how to prevent as well as stop problem behavior Tour **Corporal Punishment of Children: A Human Rights Violation** Susan

Bitensky, 2006-06-14 The core of this book is a detailed analysis of the status of corporal punishment of children including Areasonable spankings by parents under international human rights law The analysis leads compellingly to the conclusion that such punishment is indeed a human rights violation consonant with modern norms about right and decent treatment of juveniles The book further provides a comparative analysis between the domestic laws of the seventeen nations that ban all corporal punishment of children and examples of the domestic laws in the countries that still permit some physical

chastisement of children Discipline Without Distress Judy L Arnall, 2012-03-31 Discipline that you and your child will feel good about At last a positive discipline book that is chock full of practical tips strategies skills and ideas for parents of babies through teenagers and tells you EXACTLY what to do in the moment for every type of behavior from whining to web surfing Parents and children today face very different challenges from those faced by the previous generation Today s children play not only in the sandbox down the street but also in the World Wide Web which is too big and complex for parents to control and supervise As young as age four your children can contact the world and the world can contact them A strong bond between you and your child is critical in order for your child to regard you as their trusted advisor Traditional discipline methods no longer work with today s children and they destroy your ability to influence your increasingly vulnerable children who need you as their lifeline Spanking and time outs do not work You need new discipline tools Help your child gain Strong communication skills for school career and relationship success Healthy self esteem confidence and greater emotional intelligence Assertiveness empathy problem solving and anger management skills A respectful loving connection with you You will gain An end to resentment frustration anger tears and defiance in your parent child relationship Tools to respectfully handle most modern challenging parenting situations including biting hitting tantrums bedtimes picky eating chores homework sibling wars smoking attitude and video computer games Help for controlling your anger in the moment during those trying times A loving respectful teaching and fun connection with your child Offers a wealth of ideas and suggestions for raising children without the use of punishment of any kind Linda Adams President and CEO of P E T Parent Effectiveness Training and Gordon Training International The world is in desperate need of gentle caring discipline techniques Judy Arnall has created a wonderful nurturing guide that all parents can benefit from Elizabeth Pantley Author of The No Cry Solution series of books Parents always prefer to be loving but often don t know how Arnall s book debunks all the old beliefs about discipline through painful measures such as punishment consequences or bribes and provides far more effective and kind ways to raise well behaved and thriving children Naomi Aldort Ph D Author of Raising Our Children Raising Ourselves

BONUS 50 page quick reference tool guide included Discipline Without Distress Judy Arnall, 2012-09-21 Discipline that you and your child will feel good about Spanking and time outs do NOT work At last a positive discipline book that is full of practical tips strategies skills and ideas for parents of babies through teenagers and tells you EXACTLY what to do in the moment for every type of behaviour from whining to web surfing Includes 50 pages of handy charts of the most common behaviour problems and the tools to handle them respectfully Parents and children today face very different challenges from the previous generation Today s children play not only in the sandbox down the street but also in the world wide web which is too big and complex for parents to control and supervise As young as aged four your child can contact the world and the world can contact them A strong bond between you and your child is critical in order for your child to regard you as their trusted advisor Traditional discipline methods no longer work with today s children and they destroy your ability to influence your increasingly vulnerable children who need you as their lifeline You need new discipline tools **The Poo Bomb** Jeff Vogel, 2005-03 Author Jeff Vogel did not go into parenthood with any delusions He knew that he would love his daughter and that was terrifying What if he screwed up And he knew that life with a baby would be different that it would be filled with an endless stream of filthy diapers unexplained wailing and sleepless nights Not to mention no sex The parenting books painted a picture of smart communicative babies and mindless limitless joy but he knew they were lying to him So he wrote his own book The Poo Bomb True Tales of Parental Terror recounts in a no punches pulled style the first year of life of Cordelia Jeff s freshly hatched gooey human girl The first year of parenthood isn t about joy or fulfillment It is about menial labor wiping up human waste and marking time until the kid is old enough to run and play and thank you for its life Jeff chronicles the journey through the morass of year one week by week Rich with irreverent honesty and humor The Poo Bomb is the reality show of parenting books It reflects what most parents have sometimes guiltily felt about their not so delightful bundles of joy

Disciplinary Measures from the Metrical Psalms to Milton Kenneth J.E. Graham, 2016-02-26 Disciplinary Measures from the Metrical Psalms to Milton studies the relationship between English poetry and church discipline in four carefully chosen bodies of poetry written between the Reformation and the death of John Milton Its primary goal is to fill a gap in the field of Protestant poetics which has never produced a study focused on the way in which poetry participates in and reflects on the post Reformation English Church s attempts to govern conduct Its secondary goal is to revise the understandings of discipline which social theorists and historians have offered and which literary critics have largely accepted It argues that knowledge of the early modern culture of discipline illuminates some important poetic traditions and some major English poets and it shows that this poetry in turn throws light on verbal and affective aspects of the disciplinary process that prove difficult to access through other sources challenging assumptions about the means of social control the structures of authority and the practical implications of doctrinal change More specifically Disciplinary Measures argues that while poetry can help us to understand the oppressive potential of church discipline it can also help us to recover a more positive sense of

discipline as a spiritual cure *Is Breast Best?* Joan B. Wolf, 2013-07-19 Monitoring mothers a recent history of following the doctor's orders The science does breastfeeding make smarter happier and healthier babies Minding your own risky business health and personal responsibility From the womb to the breast total motherhood and risk free children Scaring mothers the government campaign for breastfeeding Conclusion whither breastfeeding **The Power of Loving Discipline** Karen Miles, 2006 The sixth book in the series sponsored by Psychology Today magazine this authoritative and well written book follows in the series tradition of giving the reader a full overview of the hottest trend in parenting today positive discipline Beginning with the full discussion of the entire subject of discipline Miles leads the reader through the various styles of discipline from authoritarian to permissive and then on to the core subject positive discipline In an objective well researched manner *The Power of Loving Discipline* fully explains the nature of positive discipline its pros and cons how it can apply to actual parenting situations and why it is as important a parenting strategy as it has become today Much more than a simple how to parenting guide *The Power of Loving Discipline* gives the reader a fuller understanding of the nature of this parenting strategy why it's important how it compares with other strategies and what it can mean to the reader herself

Unconditional Parenting Alfie Kohn, 2006-03-28 The author of *Punished by Rewards* and *The Schools Our Children Deserve* returns with a provocative challenge to the conventional ways of raising children Kohn argues that all children have the need to be loved unconditionally yet conventional approaches to parenting such as punishment and reward teach children that they are loved only when they please and impress parents Kohn cites powerful research detailing the damage this can cause *Unconditional Parenting* pushes parents to question their ideas of parenting and offers practical solutions to problems

Infants, Toddlers, and Families Martha Farrell Erickson, Karen Kurz-Riemer, 2002-03-01 The first three years of life play a crucial role in setting the stage for later adjustment and success For children with disabilities children at risk and even for healthy infants and toddlers born into well functioning families support and early intervention can foster optimal growth and development This concise and readable guide presents a developmentally sound framework for strengths based intervention with parents and young children The volume is filled with practical suggestions for building positive family relationships cultivating parental knowledge and understanding of child development and enhancing family support systems Also featured is an extensive annotated bibliography that describes a wealth of additional resources for professionals and parents Grounded in research and informed by wisdom from the field this book provides essential knowledge and skills for

professionals and students across a range of health care social service and educational disciplines **Infants, Toddlers & Preschoolers** Julie Soto, 1998 A bibliography of print videocassette and electronic resources to help parents and guardians care for children from infancy through preschool each item is annotated and rated *Finding the Me in Me* Glenda Barnett-Streicher, 2009-11 The loss of a child is never going to be easy for any parent and questioning yourself will always be a part of the processing you have to get through Your faith can be what holds you together with the help of your family or you

can isolate yourself and try to make it on your own Awareness of parenting skills can assist in making right choices as you raise your children and faith can strengthen those choices Infants & Toddlers Julie Soto,1999 Lists and rates books on breastfeeding childcare child development discipline toilet training and parenting Against the Grain Gillian Ranson,2010-02-01 Drawing on findings from interviews done with 32 families living in cities across Canada Ranson challenges dominant understandings of mothering and fathering by looking closely at how couples who have opted for less traditional divisions of labour negotiate their parental and household responsibilities Included are interviews with breadwinner mothers and caregiver fathers and with dual earner couples both heterosexual and same sex who struggle to share equally in the nurture and support of their families A central claim of the book is that to the extent that both parents are equally involved in hands on caregiving they tend to become over time functionally interchangeable and move away from mothering and fathering and toward parenting Against the Grain offers us an excellent opportunity to examine how social change happens at the forefront of family life It Takes a Parent Betsy Hart,2006-08-01 Syndicated columnist and mother of four Betsy Hart presents a passionate provocative argument against today s parenting culture parents who put their kids on a pedestal shy away from discipline and cede the power to take decisions large and small to their children Covering hot topics from spanking and discipline to giving kids way too many choices this commonsense book shifts the focus back to the role and responsibilities of parents for guiding the character and hearts of their children so they ll grow up to be responsible adults themselves *Parent-Babble* John Rosemond,2012-10-09 If you were to stack all the current parenting books on top of one another the resulting pile would be nearly four times the height of the Freedom Tower Parenting expert John Rosemond has dubbed this imaginary narrative construction the Tower of Parent Babble and as was the case with the Tower of Babel the building blocks of its construction have led to mass confusion with frustrated anxious clueless and stressed out parents raising spoiled egocentric unfocused and unhappy children In Parent Babble Rosemond asserts that America has been in the throes of an ever deepening child rearing crisis since the 1970s and he explains how parents have moved away from the child rearing basics of the 1950s and 1960s to focus on raising children with high self esteem But what could be wrong with high self esteem Plenty according to Rosemond High self esteem is associated with anti social behavior and little regard for others In addition children reared on postmodern psychological parenting theories are 10 times more likely to experience a serious emotional setback by the age of 16 compared with children who grew up in the 50s and 60s In Parent Babble Rosemond deconstructs the faulty theories points out the experts who have led parents astray and calls for a return to values a return to civility and a return to raising healthy happy and productive adults **Disarming the Church** Eric A. Seibert,2018-04-11 If Christians follow the Prince of Peace why do they often behave so violently What can be done to transform the church so that it looks more like Jesus Eric Seibert explores these questions in this important and timely study He builds a biblical and practical case for living nonviolently in all areas of life and urges Christians to reexamine their most

fundamental attitudes toward violence warfare and killing Through true stories and careful analysis Seibert demonstrates that it is possible to resolve conflict correct injustice and stop oppression without resorting to violence Many nonviolent alternatives are discussed throughout the book alternatives that can be used in a wide range of situations from dealing with an unwanted intruder at home to removing a dictator from power In a world filled with so much violence hate and fear alternatives like these are desperately needed This book offers hope that a better way is possible one that has the potential to transform the church and change the world So read on and join in **The Good Behaviour Book** William Sears,Martha Sears,2005 Disciplining children means equipping them with the tools to succeed in life In this unique guide seasoned parents of eight Bill and Martha Sears draw on personal experience and their professional knowledge as childcare experts to provide an authoritative approach to a broad range of disciplinary issues and practices Parenting With Patience Judy L. Arnall,2014-10-02 This is a quick book to read when you are calm to use when you are not Positive discipline has to begin with positive stress management All families have stress Make it work for you Learn how to recognize stress manage it and regain your patience before yelling Learn why children have tantrums at all ages and how to help them channel anger into lifelong skills for self control and communication Learn normal childhood development capabilities and temperament so you can respectfully and non punitively resolve everyday family issues Every parent needs patience and this book has simple respectful ways to calm down and connect Dr William Sears and Martha Sears RN co authors of The Baby Book and The Discipline Book *Basics of Life* James E. Rummel,2009-11-06 The book called the basics of life is written for high school kids and above It is written in order to spark some interest into the different topics included in the book and to give you enough information without having been to college in order to understand some of the important aspects of life The goal is to get people to think about what they do in life and how they can make it better regardless of your ethnic background or religion etc
