

Map Skills

This shaded relief map is a map of the United States showing population density. The map shows that 75% of the population of the United States lives in the eastern half of the country. The map shows that population density is highest in the eastern half of the country and lowest in the western half of the country. In the eastern half of the country, population density is highest in the Northeast and lowest in the South. In the western half of the country, population density is highest in the Southwest and lowest in the Northwest.

1. Looking at the map, what is the highest population density in the United States?
2. Looking at the map, what is the lowest population density in the United States?
3. Looking at the map, what is the highest population density in the United States?
4. Looking at the map, what is the lowest population density in the United States?
