the creation of a different kind of social order one based on equity the promotion of human rights and social justice The presidential campaign in the USA grabbed the global imagination It also grabbed the feminist imagination presenting the hope that if a woman could become the president of the USA women throughout the world would finally break through the reinforced glass ceiling However when it didn't happen the lost opportunity became the metaphorical kick in the feminist gut on a global scale Through the subsequent misogyny vulgarity lewd comments the pussy grabbing video and the threats of the erosion of feminist activism in the trenches worldwide a deep mourning arose from the feminist community It was the name calling of nasty women that really smarted Initial feelings of anger gave rise to empowerment of women those who talk back to patriarchy to embrace the label of nasty women

The Origins of Sex Faramarz Dabhoiwala, 2012-05-01 A man admits that when drunk he tried to have sex with an eighteen year old girl she is arrested and denies they had intercourse but finally begs God's forgiveness Then she is publicly hanged alongside her attacker These events took place in 1644 in Boston where today they would be viewed with horror How and when did such a complete transformation of our culture's attitudes toward sex occur In The Origins of Sex Faramarz Dabhoiwala provides a landmark history one that will revolutionize our understanding of the origins of sexuality in modern Western culture For millennia sex had been strictly regulated by the Church the state and

society who vigorously and brutally attempted to punish any sex outside of marriage But by 1800 everything had changed Drawing on vast research from canon law to court cases from novels to pornography not to mention the diaries and letters of people great and ordinary Dabhoiwala shows how this dramatic change came about tracing the interplay of intellectual trends religious and cultural shifts and politics and demographics The Enlightenment led to the presumption that sex was a private matter that morality could not be imposed that men not women were the more lustful gender Moreover the rise of cities eroded community based moral policing and religious divisions undermined both church authority and fear of divine punishment Sex became a central topic in poetry drama and fiction diarists such as Samuel Pepys obsessed over it In the 1700s it became possible for a Church of Scotland leader to commend complete sexual liberty for both men and women Arguing that the sexual revolution that really counted occurred long before the cultural movement of the 1960s Dabhoiwala offers readers an engaging and wholly original look at the Western world's relationship to sex Deeply researched and powerfully argued *The Origins of Sex* is a major work of history *The Literary World*, 1870 **Communicating Gender**,
