North Korea Henry Marr, 2018-12-14 This new edition of Bradt's North Korea has been completely written from scratch and remains the only standalone guide to what is often regarded as the world's most secretive state a place never far from media scrutiny but about which very little is actually known in the wider world Detailed is everything you need to know for a successful visit from the practicalities of how to get there and who to go with to cultural sensitivities and etiquette safety money and
