International Politics but seeks to expand the IR canon beyond its core realist and liberal texts It thus considers emerging classics such as Linklater's critical sociology of moral boundaries Men and Citizens in the Theory of International Relations and Enloe's pioneering gender analysis Bananas Beaches and Bases It also innovatively considers certain alternative format classics such as Kubrick's satire on the nuclear arms race Dr Strangelove and Errol Morris's powerful documentary on war and US foreign policy The Fog of War With an international cast of contributors many of them leading authorities on their subject Classics of International Relations will become a standard reference for all those wishing to make sense of a rapidly developing and diversifying field Classics of International Relations is designed to become a standard reference text for advanced undergraduates post graduates and lecturers in the field of IR **Organized Crime in Chicago** Robert M. Lombardo, 2012-12-30 This book provides a comprehensive sociological explanation for the emergence and continuation of organized crime in Chicago Tracing the roots of political corruption that afforded protection to gambling prostitution and other vice activity in Chicago and other large American cities Robert M Lombardo challenges the dominant belief that organized crime in America descended directly from the Sicilian Mafia According to this widespread alien conspiracy theory organized crime evolved in a linear fashion beginning with the Mafia in Sicily emerging in the form of the Black Hand in America's immigrant colonies and culminating in the development of the Cosa Nostra in America's urban centers Looking beyond this Mafia paradigm this volume argues that the development of organized crime in Chicago and other large American cities was rooted in the social structure of American society Specifically Lombardo ties organized crime to the emergence of machine politics in America's urban centers From nineteenth century vice syndicates to the modern day Outfit Chicago's criminal underworld could not have existed without the blessing of those who controlled municipal county and state government These practices were not imported from Sicily Lombardo contends but were bred in the socially disorganized slums of America where elected officials routinely franchised vice and crime in exchange for money and votes This book also traces the history of the African American community s participation in traditional organized crime in Chicago and offers new perspectives on the organizational structure of the Chicago Outfit the traditional organized crime group in Chicago The Critic .1892 The Month .1890 Fictional Transfigurations of Jesus Theodore Ziolkowski,2002-04-12 Many novels revolve round the figure of Jesus Some of the finest of them are defined by Ziolkowski as fictional transfigurations of Jesus They share a modern hero patterned on Jesus the culture hero whose life consisted of the motifs of the last supper lonely agony betrayal trial and crucifixion The aesthetic challenge of adapting this most familiar story for their generation has attracted an unusual number of great writers among them Papini Kazantzakis Hesse Mann Greene Faulkner and Gore Vidal The form began with the new image of a humanized Jesus which developed in the 19th century The interest in religious paranoia and hysteria at the turn of the century instantly expanded its potentialities as novelists began to explore the theme of christomania This was followed by studies of Jesus as a mythic figure and then

Marxist oriented portraits of Comrade Jesus Finally the form became inverted into parody in the Fifth Gospels in which not Jesus but Judas is the central figure Real Ghost Stories William T. Stead,2023-05-03 William Thomas Stead July 5 1849 April 15 1912 was a British journalist He was born in Embleton Northumberland the son of a Congregational minister He died on the RMS Titanic when it struck an iceberg and sank Excerpts from the title But what with the superstitious credulity of the one age and the equally superstitious unbelief of another it is necessary to begin from the beginning and to convince a skeptical world that apparitions really appear In order to do this it is necessary to insist that your ghost should no longer be ignored as a phenomenon of Nature He has a right equal to that of any other natural phenomenon to be examined and observed studied and defined It is true that he is a rather difficult phenomenon his comings and goings are rather intermittent and fitful his substance is too shadowy to be handled and he has avoided hitherto equally the obtrusive inquisitiveness of the microscope and telescope
