Life after Tragedy Michael W. Brierley,Georgina A. Byrne,2017-07-06 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy s grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth
