*Entering the Fray* T. Michael W. Halcomb, 2012-08-02 In modern times the relationship between the church and academy has been strained and tension filled Mainstream church culture has often been skeptical of Bible scholars depicting them as self serving intellectuals trying to out think God by devising new and controversial interpretations Just as well academics have often leveled harsh critiques against church culture painting pastors and laity as anti intellectual pseudo spiritualists *Entering the Fray* argues that in spite of the wide gap between the academic and ecclesiastical worlds the modern church should be aware of the key discussions taking place among biblical scholars To be sure the average churchgoer has not been tuned in to scholarly conversations concerning matters such as the Messianic Secret Q the Historical Jesus the pistis Christou debate and related topics In fact they may have purposefully tuned out Some however are simply unaware that any such dialogue has taken place and beyond the internet may not have the first clue as to how to explore the details This primer seeks to function as that first clue by helping congregants pastors and students of the Bible enter into the fray of scholarly discussions that over the last few hundred years have shaped both the academy and church
