cultural and historical studies of Vienna and references to modern and contemporary Austrian fiction Thus the analysis is more extensive in its coverage and more intensive in its analysis of each film than any previous study with a focus on scene language plot characterization and the reception of these films Scholars and students in American cultural studies film studies Austrian and Viennese history and popular culture will find the book informative and essential for studies of Vienna in the American and British imagination Given the extensive coverage and filmography many libraries should also view the book as a reference work in addition to its status in cultural and film studies The book will also be useful for film studies and American popular culture studies courses at advanced or graduate level
