Rielly,2024-02-19 America s entrance into the wars in Vietnam came as a result of several factors Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion This expansion was intensified by the outbreak of the Korean War making it necessary for the United States to revamp its Southeast Asian policy During the French era control of Vietnam s rivers streams and canals became necessary This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam The focal point of this study is a new assessment of the conduct of river warfare Drawing on little known French Vietnamese

and American sources and materials it sheds light on an important aspect of the Vietnam War Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject     Getting the message through: A Branch History of the U.S. Army Signal Corps Rebecca Robbins Raines,1996 Getting the Message Through the companion volume to Rebecca Robbins Raines Signal Corps traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War through its stages of growth and change to its service in Operation DESERT SHIELD DESERT STORM Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology but also such diverse missions as weather reporting and military aviation Information dominance in the form of superior communications is considered to be sine qua non to modern warfare As Raines ably shows the Signal Corps once considered by some Army officers to be of little or no military value and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields The volume is an invaluable reference source for anyone interested in the institutional history of the branch     **A Pictorial History of the Vietnam War** Richard F.
