**Fundamentalist** Elizabeth Shestakova,2012-07-30 ABOUT THE BOOK I wonder now sir whether I believed at all in the firmness of the foundations of the new life I was attempting to construct for myself in New York Americans remember where they were on September 11 2001 a day that has become a permanent fixture in the calendar As retaliation for the attack the US launched a war in Afghanistan called Operation Enduring Freedom with the goal of dismantling the Taliban Currently the Afghanistan war has become America s longest war even longer than the war in Vietnam Given the duration of the war and how it began it is surprising to note that many people in Afghanistan don t know why the war started Considering that 42% of the population is under 14 and that 72% is illiterate it s not surprising that this event doesn t register In addition the scarcity of electricity also explains ignorance of the event American foreigners call September 11th As a result most people from Afghanistan don t understand why the U S invaded their country causing more than 12 000 civilian deaths since the war started The disparity of the two worldviews continues to contribute to the tensions between the two countries Similarly the average American knows very little about the Afghani people and the politics of this area In an Angus Reid Public Opinion

Poll half of American respondents said they don't understand what the war in Afghanistan is about. One of the reasons for this might be because the U.S. media doesn't focus on this war as much as on the Kardashians. This tension and lack of understanding creates a perfect opening for *The Reluctant Fundamentalist* by Mohsin Hamad to educate Americans about the other side. *The Reluctant Fundamentalist* is about a Pakistani living in New York who reevaluates his successful American life after the September 11 attacks. The book's main advantage is that it is so topical. Given the heavy involvement of the U.S. in the Middle East as well as neighbouring Afghanistan and Pakistan, it seems no region is more important to American welfare. EXCERPT FROM THE BOOK: Students like me were given visas and scholarships, complete financial aid, mind you, and invited into the ranks of the meritocracy. In return, we were expected to contribute our talents to your society, the society we were joining. And for the most part, we were happy to do so. I certainly was at least at first. pg. 4. It is worth describing the author's background, which can be found on his website, because it bears many similarities to the main character of the novel. Changez: From the ages of 9 to 18, the author lived in Lahore, Pakistan. Hamid studied at Princeton University and graduated summa cum laude. He then went to Harvard Law School. Upon graduation, he got a job at the elite McKinsey and Company and used his free time to complete his first novel. This novel, *Moth Smoke*, took seven years to complete but became a bestseller in India and Pakistan. *The Reluctant Fundamentalist* is his second book and also took seven years to complete. On BBC Radio, Hamid explains that the reason it took him so long to write both books is that he is figuring them out as he writes them. Quicklet on Mohsin Hamid's *The Reluctant Fundamentalist*: *The Reluctant Fundamentalist* is the story of Changez, who comes from Pakistan to study at Princeton University. At Princeton, he excels and is rewarded with a job at the prestigious valuation firm Ultrawood Samson. He uses his sign-on bonus to pay for a trip to Greece with his classmates. In Greece, he falls in love with an all-American girl named Erica. He is attracted to her beauty, and she is attracted to his old-fashioned manners. As he gets to know her, Changez finds out that her ex-boyfriend Chris died of lung cancer a year earlier. **MOHSIN HAMID'S**

**THE RELUCTANT FUNDAMENTALIST** KEREN. SHLEZINGER, 2015 **Moshin Hamid's "The Reluctant Fundamentalist". North America's Foreign Relations with the Middle East** Angela Camara Rojo, 2018-04-26. Essay from the year 2016 in the subject English Language and Literature Studies, Literature, grade 9-10 course, Faculty of Letters, language English, abstract: This essay analyses North America's foreign relations with the Middle East before and after the 9/11 attacks in Moshin Hamid's *The Reluctant Fundamentalist*. This is inherently depicted in personal and professional relations. Namely, the plotline focuses on the life of Changez, a Pakistani immigrant that portrays an Islamic elite dwelling in the US. Following the 9/11 attacks, a growing wave of Islamophobia will emerge, tearing apart Changez's accommodated American lifestyle. Much of this detriment is conveyed by means of Changez's relationship with other characters, especially with Erica, Changez's love interest, a troubled young woman. Erica's character is a symbol for the American nation.

Engaging Terror Marianne Vardalos, 2009. *Engaging Terror: A Critical and Interdisciplinary Approach* is a collection of

select extended papers drawn from The Human Condition Series THCS conference on Terror that took place in May 2008 The international scope of the conference drew participants from twenty three countries including Brazil Columbia Cuba France Israel Lebanon Lithuania New Zealand Nigeria Pakistan the Philippines Scotland Singapore South Africa Turkey and the United Kingdom The thirty five essays presented here are a representative sample of the interdisciplinary discussion which sought to analyze popular concepts like terrorism and terrorist as social political and psychosocial phenomena Engaging Terror seeks to reveal the diverse forms of terror that persist in contemporary societies For instance cultural forms such as the fine arts film literature mass media religion and market economy continue to define and limit rationality and freedom through institutionalized forms of terror In this way terror shapes our experiences not only through the politics of nation building and international relations but also through the social and ideological production of fear in everyday life Topics covered in this volume include the representation and production of terror from a multiplicity of sites ranging from mental health practices and organized religion to news coverage and musical scores This book will appeal to both scholars and general readers interested in how seemingly benign forms of terror shape and maintain the contemporary human condition Reaching beyond mainstream studies on terror as simply an international political phenomenon this interdisciplinary collection of work multiplies the fields of critical research to broaden the scope of analysis and fundamentally challenge the state of modernity

web elements in the second row of the periodic table place their electrons in the 2n shell as well as the 1n shell for instance lithium li has three electrons two fill the 1 s orbital and the third is placed in the 2 s orbital giving an electron configuration of 1 s 2 2 s 1

web electron configurations and trends answer these discussion questions given the following part of an electron configuration 3s<sup>2</sup> explain which part refers to the number of electrons the energy level and the sublevel what is the maximum number of electrons that can occupy a single orbital state and explain hund s rule

web one more point needs to be emphasized about the relationship between electron configuration and the periodic table the atoms of elements in the same vertical column of the table have similar electron configurations for example consider the alkaline earth elements group iia

web the electron removed during the ionization of beryllium  $1s^2 2s^2$  is an s electron whereas the electron removed during the ionization of boron  $1s^2 2s^2 2p^1$  is a p electron this results in a lower first ionization energy for boron even though its nuclear charge is greater by one proton
