The Routledge Companion to Romantic Women Writers Ann R. Hawkins, Catherine S. Blackwell, E. Leigh Bonds, 2022-12-30 The Routledge Companion to Romantic Women Writers overviews critical reception for Romantic women writers from their earliest periodical reviews through the most current scholarship and directs users to avenues of future research It is divided into two parts The first section offers topical discussions on the status of provincial poets on women s engagement in children's literature the relation of women writers to their religious backgrounds the historical backgrounds to women s orientalism and their engagement in debates on slavery and abolition The second part surveys the life and careers of individual women some 47 in all with sections for biography biographical resources works modern editions archival holdings critical reception and avenues for further research The final sections of each essay offer further guidance for researchers including Signatures under which the author published and a List of Works accompanied whenever possible with contemporary prices and publishing formats To facilitate research a robust Works Cited includes all texts mentioned or quoted in the essay Britain, France and the Gothic, 1764–1820 Angela Wright, 2013-04-18 In describing his proto Gothic fiction The Castle of Otranto 1764 as a translation Horace Walpole was deliberately playing on national anxieties concerning the importation of war fashion and literature from France in the aftermath of the Seven Years War In the last decade of the eighteenth century as Britain went to war again with France this time in the wake of revolution the continuing connections between Gothic literature and France through the realms of translation adaptation and unacknowledged borrowing led to strong suspicions of Gothic literature taking on a subversive role in diminishing British patriotism Angela Wright explores the development of Gothic literature in Britain in the context of the fraught relationship between Britain and France offering fresh perspectives on the works of Walpole Radcliffe Monk Lewis and their contemporaries Shakespeare and the Culture of Romanticism Joseph M. Ortiz, 2016-12-05 The idea of Shakespearean genius and sublimity is usually understood to be a product of the Romantic period promulgated by poets such as Coleridge and Byron who promoted Shakespeare as the supreme example of literary genius and creative imagination However the picture looks very different when viewed from the perspective of the myriad theater directors actors poets political philosophers gallery owners and other professionals in the nineteenth century who turned to Shakespeare to advance their own political artistic or commercial interests Often as in John Kemble's staging of The Winter's Tale at Drury Lane or John Boydell's marketing of paintings in his Shakespeare Gallery Shakespeare provided a literal platform on which both artists and entrepreneurs could strive to influence cultural tastes and points of view At other times Romantic writers found in Shakespeare's works a set of rhetorical and theatrical tools through which to form their own public personae both poetic and political Women writers in particular often adapted Shakespeare to express their own political and social concerns Taken together all of these critical and aesthetic responses attest to the remarkable malleability of the Shakespearean corpus in the Romantic period As the contributors show Romantic writers of all

persuasions Whig and Tory male and female intellectual and commercial found in Shakespeare a powerful medium through which to claim authority for their particular interests **European Gothic** Avril Horner, 2017-06-01 The only collection to concentrate on the European Gothic writing in English French German Russian and Spanish Charts the rich process of cross fertilisation especially regarding Anglo French exchanges in the development of the Gothic novel Emphasises the importance of the impact of translation on the development of the Gothic novel Uses a variety of critical perspectives to reassess the work of authors such as Clara Reeve Sophia Lee Charlotte Smith Ann Radcliffe Matthew Lewis Charles Maturin Coleridge Mary Shelley Jan Potocki Balzac Dostoevesky Gaston Leroux and Djuna Barnes Offers a fresh way of thinking about Gothic Jane Austen in Context Janet M. Todd, Janet Todd, 2005-10-20 This collection of essays covering lineages and histories many aspects of Austen's life works and historical context provides the fullest introduction in one volume to the life and times of Jane Austen Jane Austen in Context is a generously illustrated collection of short lively contributions arranged alphabetically and covering topics from biography to portraits and agriculture to transport An essay on the reception of Austen's work is also included showing how criticism of Austen has responded to literary movements and fashions The volume emphasises the subtle interactions between Austen's life and times and her novels This is a work of reference that readers and scholars of Austen will turn to again and again British history, chronologically arranged, comprehending a classified analysis of events ... in Church and State, from the first invasion by the Romans to the accession of Queen Victoria John WADE (Vice-President of the Historical Section of the Institut d'Afrique" of Unnatural Affections George E. Haggerty, 1998 Author George Haggerty examines the unnatural affections Paris.),1847 that flout cultural taboos and challenge what are seen as natural boundaries to desire Such affections abound in 18th century novels offering a complex understanding of the role of gender and the articulation of female desire during the age in which women novel writers came into their own Handbook of the British Novel in the Long Eighteenth Century Katrin Berndt, Alessa Johns, 2022-07-18 The handbook offers a comprehensive introduction to the British novel in the long eighteenth century when this genre emerged to develop into the period s most versatile and popular literary form Part I features six systematic chapters that discuss literary intellectual socio economic and political contexts providing innovative approaches to issues such as sense and sentiment gender considerations formal characteristics economic history enlightened and radical concepts of citizenship and human rights ecological ramifications and Britain's growing global involvement Part II presents twenty five analytical chapters that attend to individual novels some canonical and others recently recovered These analyses engage the debates outlined in the systematic chapters undertaking in depth readings that both contextualize the works and draw on relevant criticism literary theory and cultural perspectives. The handbook s breadth and depth clear presentation and lucid language make it attractive and accessible to scholar and student alike The Portrait in Fiction of the Romantic *Period* Joe Bray, 2016-05-26 Beginning with the premise that the portrait was undergoing a shift in both form and function

during the Romantic age Joe Bray examines how these changes are reflected in the fiction of writers such as Maria Edgeworth Jane Austen Sir Walter Scott Elizabeth Hamilton and Amelia Opie Bray considers portraiture in a broad sense as encompassing caricature and the miniature as well as the classic portraits of Sir Joshua Reynolds and others He argues that the portrait in fiction often functions not as a transparent index to character or as a means of producing a straightforward likeness but rather as a cue for misreading and a sign of the slipperiness and subjectivity of interpretation The book is concerned with more than simply the appearance of portraits in Romantic fiction however More broadly The Portrait in Fiction of the Romantic Period investigates how the language of portraiture pervades the novel in this period and how the two art forms exert mutual stylistic influence on each other The Publishers' Circular and Booksellers' Record of **British and Foreign Literature** ,1894 Bookseller's catalogues Thomas Arthur (bookseller.), 1856 The British Magazine, Or, Miscellany of Polite Literature Comprehending an Analysis of Modern Publications ,1823 Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1895 Bibliotheca Britannica; Or, A **General Index to British and Foreign Literature** Robert Watt, 1824 **Literary Gazette and Journal of Belles** Lettres, Arts, Sciences, Etc William Jerdan, William Ring Workman, Frederick Arnold, John Morley, Charles Wycliffe **Books in Series, 1876-1949** R.R.
