Upstaged (French Literature Series) Jacques Jouet, 2011-06-14 A stranger takes over a role in a play leaving the rest of the cast to ponder his motives Two minutes into the second act there is a knock on Nicolas Boehlmer's dressing room door just as he's smoking his last cigarette before having to go back on stage and without thinking he says Come in still in character He quickly finds himself bound gagged and stripped by a man who appears to be his mirror image costumed in the same wig make up and clothes Nicolas is powerless to prevent his usurper from going out and playing his role with increasingly ridiculous consequences Is this upstaging the act of a depraved amateur Sabotage by a rival A piece of guerrilla theater A political statement Whatever the cause Nicolas and his fellow actors soon find their play and their lives making less and less sense as the parts they play come under assault by this irrational intruder *Aliss at the Fire (Norwegian Literature Series)* Jon Fosse, 2010-09-16 Slim mournful tale of loss and memory in a coastal Norwegian town first published in Norway in 2003 The novel opens with a series of shifts in perspective time and identity that hint at the experimentation that follows We immediately meet Signe an aging woman living alone near a fjord The story is set in 2002 but Signe is soon thinking back to 1979 and the day her husband Asle died while boating in the waters *The Planetarium* Nathalie Sarraute, 2005 The many narratives of *The Planetarium* told from various points of view revolve around a seemingly simple conceit a young man has his heart and ambition set on his aunt's large apartment But as in Sarraute's other books this plot forms only the surface of what is really happening Instead Sarraute focuses on the emotional lives and internal thoughts of her characters in a way that goes beyond what Virginia Woolf did years before The spite the young man feels toward his mother in law for offering him and his wife cheap chairs for their apartment the terror inspired during a confrontation between the same young man and his aunt and the need for approval he feels when he's around his Gertrude Stein like literary icon are some of the many internal conflicts that move the narrative forward through the minds of the conflicted and clashing characters Always deeply engaging *The Planetarium* uses a simple plot to reveal the disparity between the way we see ourselves and the way others see us Publisher's website *A Thousand Pearls (for a Thousand Pennies) (French Literature Series)* Hervé Le Tellier, 2011-07-19 In the tradition of Joe Brainard's *I Remember* and Georges Perec's *Je me souviens* this delightful novel offers a thousand answers to the question What are you thinking Or as translator Ian Monk puts it Penny for them The answers are spontaneous revealing ominous insignificant grotesque amusing lecherous tragic and trivial by turns and lovable in their cheerful imperfection This is a book about the basics love sexuality death and all the other things that lurk in our everyday thoughts *French Literature* Alison Finch, 2013-04-23 This book is the first to offer a cultural history of French literature from its very beginnings analysing the relationship between French literature and France's evolving power structures from the Middle Ages through to the present day It shows the political connections between the elite literature of France and other aspects of its culture from racism misogyny tolerance and liberal reform to song street

performance advertising and cinema The nation s literature contributed to these and was shaped by them The book highlights the continuities and the unique fault lines in the society that over a millennium has produced French culture It looks at France s early and continuing struggle for a national identity through both its language and its literature and it shows that this struggle co exists with openness to other cultures and a bawdy or subtle rebelliousness against the Church and other forms of authority En route it takes in cuisine gardens and the French tradition in mathematics The survey provides an accessible approach to key issues in the history of French culture as well as a wide context for specialists
